

Department of Instrumentation & Control

Placement Scenario and Department Industry Interaction

- The department has a good rapport with the industry. For the past 17 years, Forbes Marshall, a leading industry in the Instrumentation field, awards a prize to the best project of the final year students.
- The department has signed an MoU with Emerson Exports Engineering Center and Honeywell Automation India Ltd., (formerly TATA Honeywell).
- Emerson has gifted a DeltaV DCS system with SIS for educational benefit of students
- Emerson has gifted the Radar Tank Level Gauge to the department
- Forbes Marshall has gifted the SWAS (Steam and Water Analysis System) for educational benefit of students
- More than 70% of the final year projects are industry sponsored.
- More than 70% of eligible students are placed every year. The following companies have been recruiting students of this department consistently for more than three years:
Alpha Laval, Atos Origin, Capgemini, Emerson, Honeywell, KPIT Cummins, Thermax, Eaton, Cummins India Ltd.
The maximum package given to the students this year (2013-14) is 6.5 lacs per annum.
- 29 students have been placed through campus recruitments in 2011-12
- 33 students have been placed through campus recruitments in 2012-13
- In February 2014, 37 students have been placed and the placement is still going on.
