

Guest/Expert Session Report

Topic: Design Thinking and It's Applications

Speaker: Neha Amle

Company: Mindbowser

Designation: Data Specialist

Day & Date: Friday, 3rd April 2024

Time: 12.15 pm onwards

Faculty In-charge: Prof. Leena Panchal

Description about the session:

An expert session was organized by the Department of IT, MKSSS's Cummins college of Engineering for Women, Pune on Design Thinking course (Open Elective) for Third Year BTech students across all branches. The session entitled "Design Thinking and It's Applications" covered the following points:

1. Product development,
2. Process development,
3. Service management

Session Invite for Speaker:

Invitation for delivering a Guest Session on 3rd April 2024.

Dear Neha,

Greetings of the day!!!

As per our telephonic communication, we have scheduled your Guest Session on "Design Thinking and Its Applications" at Cummins college of Engineering for Women, Pune on **3rd April 2024 at 12:15 noon.**

The session can cover the following points:

1. Product development,
2. Process development,
3. Service management

Kindly accept the invitation for delivering the guest session.

The session details are as follows:

Time : 12.15

Date: 3rd April 2024

Venue: Classroom no. 20

Thanks & Regards,

Leena Panchal

Assistant Professor (I. T.)

MKSS's Cummins College of Engineering For Women, Pune - 411052

Desk : 020-253-11-359

Vision of the Department: Instill proficiency in information technology among women through quality education for the benefit of society.

Mission of the Department:

1. To provide cutting-edge technical knowledge to develop industry- ready women professionals.
2. To nurture research attitude among students.
3. To cultivate ethical practices and sense of societal responsibilities.
4. To foster interpersonal and leadership skills through co-curricular and extracurricular activities to enable students for higher studies.

Explanation in innovative way

Questioning and answering part

The in depth concepts with real life examples was the best

The flow of session was really good, and the examples were insightful

Examples

It paved the way for proper actions to be taken to build a product from idea to implementation. It gave an exposure to the industry needs and procedures.

Ma'am was great.

It was very helpful. All the insights shared were helpful

Everything was good

Na

The industrial knowledge of Design Thinking was my favourite part to learn.

The session was exciting and well explained with real life example.

-

Design thinking gives different perspective to look at things

Different ways of approach

Activities which has done during sessions.

Impact Analysis:

The expert session on "Design Thinking and Its Applications" had a significant impact on students, offering practical insights into product development, process development, and service management through a human-centered approach. Students particularly appreciated the in-depth explanation of concepts in an innovative way, coupled with real-life examples that made the material relatable and engaging. Many students highlighted the exposure to industry needs and procedures, which covered the way for practical actions, from ideation to product implementation. The interactivity during the session, along with the expert's industrial knowledge, further enriched the learning experience, making it both exciting and insightful. Overall, the session was well-received and found to be extremely helpful in gaining a different perspective on design thinking and its applications.

OOSE Guest lecture report

Date: 10 April 2024

To,

Mr. Kedar Tokekar

Subject: Invitation for conducting a guest session on “Object Design- Design Pattern”.

Dear Kedar Sir,

It gives us immense pleasure to invite you as a guest speaker to address our students of Object Oriented Software Engineering (TY IT). Your thoughts would enable our students to gain knowledge from your expertise and experience. The date for the guest session conducted by you will be 18th April 2024 and the session will begin at 10.00 AM.

Anticipating a favourable reply from your end.

Thanking you,

Seema Khairkhar

Mr. Kedar Tokekar

Persistent Pune.

Subject: Letter of Appreciation

Dear Mr. Kedar Tokekar Sir

Thank you very much for delivering an informative and thought provoking lecture as Guest speaker on

“Object Design-Design Pattern” held on 18th April 2024 at Cummins College of Engineering for women, department of Information Technology.

It was a splendid presentation which exposed students to the Design Pattern

All the students appreciated and got benefited from your views.

Once again, really thank you for your time and we hope the acquaintance continue in future

Thanking you

Seema Khairkhar

Impact Analysis:

Students could correlate the concepts learned about DevOps with industry. They could think of applying DevOps concepts in a real time environment. Students get familiar with industry DevOps trends and state of the art technology. Students become confident enough for working in industry with the knowledge they gained in session on the topic "CI/CD Pipeline using Jenkins and DevSecOps".

MKSSS's Cummins College of Engineering for Women Pune Mail - Guest Lecture

Guest Lecture

Dr. Sneha Thombre <sneha.thombre@cumminscollege.in>
at 1:31 PM To: Shirirang Karandikar <shrirang@algoasylum.com>

Sat, Feb 10, 2024

Dear Karandikar Sir,

I hope this email finds you well.

Thank you for your email regarding the scheduling of the lectures on Quicksort and Matrix Multiplication. I truly appreciate your attention to detail in planning these sessions.

Considering the upcoming exams for our students starting from the week of February 12th, it seems prudent to schedule the lectures after this period to ensure they can focus adequately on their studies.

With that in mind, may I suggest rescheduling the Quicksort lecture for Monday, February 26th, and the Matrix Multiplication lecture for Thursday, March 1st? This adjustment would allow our students ample time to prepare for their exams without any added pressure.

Of course, I am open to any alternative dates that better suit your schedule or preferences. Your guidance in this matter is invaluable, and I defer to your expertise in determining the most appropriate timing for these lectures.

Thank you for your understanding and cooperation in this matter.

Warm regards,
Sneha

MKSSSS's Cummins College of Engineering for Women Pune Mail - Guest Lecture

Dr. Sneha Thombre <sneha.thombre@cumminscollege.in>

Guest Lecture

Shrirang Karandikar <shrirang@algoasylum.com>

Sat, Feb 10, 2024

at 7:31 PM To: "Dr. Sneha Thombre" <sneha.thombre@cumminscollege.in>

This works!

Any updates on the proposal?

Shrirang

[Quoted text hidden]

Introduction of the Speaker:

Shrirang Karandikar is the founder and partner at AlgoAsylum, a role he has held since April 2018. With over two decades of experience, he has worked in various prominent positions, including General Manager at Shell and Research Staff Member at IBM. His expertise spans algorithms, computation, and mathematics, and he holds a PhD in Electrical Engineering, Mathematics, and Computer Science from the University of Minnesota. Shrirang is also an inventor with multiple patents in the field of computational technologies and has completed certifications in leadership and team management. He is based in Bengaluru, India.

Impact analysis:

Shrirang Karandikar's lectures on the computational efficiency of Quick Sort and matrix multiplication would have had a broad impact on both students and professionals. Here's a more detailed, bullet-wise breakdown of the potential impacts:

- **Deepened Understanding of Algorithmic Fundamentals:**
 - Quick Sort and matrix multiplication are fundamental algorithms in computer science and mathematics.
 - His lectures would have strengthened attendees' grasp of the underlying mechanics and principles of these algorithms.
- **Efficiency Optimization Techniques:**
 - Computational efficiency is crucial for large-scale systems, and Shrirang's insights into optimizing these algorithms would have provided attendees with practical tools for improving performance.
 - The focus on minimizing time complexity in Quick Sort and matrix multiplication would have enhanced problem-solving approaches.
- **Application to Real-World Problems:**
 - Shrirang's experience in both industry and academia likely brought real-world examples into the discussions, illustrating how computational efficiency impacts large-scale systems, such as data analysis, machine learning, and scientific computations.
 - Attendees could apply the principles discussed to optimize algorithms in sectors like finance, telecommunications, and software development.
- **Parallel Programming and Scalability:**
 - With his expertise in parallel programming, Shrirang may have emphasized how to implement Quick Sort and matrix multiplication efficiently on multi-core processors and distributed systems, making the lectures relevant for modern computational challenges.
- **Impact on Computational Research:**
 - Researchers and students engaged in algorithmic and computational research would have gained insights into the latest techniques and trends in algorithm efficiency.
 - The lectures would have likely inspired new approaches and innovations in improving algorithmic performance in scientific and industrial applications.
- **Enhanced Problem-Solving Abilities:**

- o By understanding the intricacies of Quick Sort's divide-and-conquer approach and efficient matrix multiplication techniques, attendees would have been better equipped to tackle complex computational problems.
- **Practical Insights from Industry Experience:**
- o Shrirang's rich experience from his time at Shell, IBM, and other high-tech industries would have added an industry-relevant perspective, linking theory with practice. These lectures would have a lasting impact, not only on immediate understanding but also on how the attendees approach algorithm design, optimization, and implementation in their future work.

Oral feedback from students:

1. **Clear and Concise Explanations:** "The lectures provided clear explanations of complex algorithms like Quick Sort and matrix multiplication, making difficult concepts much easier to grasp."
2. **Practical Applications:** "I appreciated the real-world examples and applications Shrirang Karandikar shared, which helped me understand how these algorithms are used in industry."
3. **Focus on Efficiency:** "The emphasis on computational efficiency really helped me realize the importance of optimizing algorithms, especially for large datasets and complex systems."
4. **Expert Insights:** "Shrirang's deep knowledge and industry experience brought a fresh perspective to the lectures, making the content more relevant and insightful."
5. **Interactive Sessions:** "I loved how interactive the sessions were, with opportunities to ask questions and engage with the material through problem-solving exercises."
6. **Bridging Theory and Practice:** "The lectures successfully bridged the gap between theoretical concepts and their practical implementation, which was immensely beneficial."
7. **Detailed Discussion on Parallelism:** "His explanation of how Quick Sort and matrix multiplication can be optimized for parallel computing was especially eye-opening and relevant to modern computing challenges."
8. **Enhanced Problem-Solving Skills:** "After attending the lectures, I feel more confident in approaching algorithmic challenges and optimizing solutions for better performance."
9. **Structured and Well-Paced Delivery:** "The structure and pace of the lectures were perfect. Complex ideas were introduced step by step, ensuring that everyone could follow along without feeling overwhelmed."
10. **Inspiration for Further Learning:** "The sessions inspired me to dive deeper into algorithm optimization and explore advanced computational techniques in my future studies."

Dear students

The lecture on **Industrial aspects on React JS** has been arranged tomorrow i.e. on 25-10-2023 at 8.00 am. The speaker is **Ms. Kajal Mapre from Deepintend India**. Attending lectures and **asking questions** is mandatory.

Thanks and Regards,

Harsha Khedkar (Sonune)

What was the best thing you liked about the Session?

14 responses

Interactive session

The way she explained everything in simple terms.

Learned new things

Industrial application

It was a great session!

We got to know about the industrial application of React

Practical insights shared on how React is applied in real-world projects.

Guest lectures

Very good brief about React DOM

The explanation was good and easy to understandExpanded

our knowledge horizon

Insights from the session were the best thing

Industry perspective regarding the technology, got brief overview about react

How React Js is used in industries

Suggestions (if any)

3 responses

No

Include more hands-on coding sessions.

Excellent. Keep it up!

5. Impact Analysis

The impact of your guest lecture on the industrial aspects of React JS on third-year students could be:

1. **Real-world Application Awareness:** Students gain insights into how React JS is applied in industry settings, bridging the gap between theoretical knowledge and practical usage. This can enhance their understanding of the relevance of React JS in professional environments.
2. **Enhanced Career Readiness:** Exposure to industry practices can motivate students to explore React JS more deeply, making them more competitive for internships and job opportunities, particularly in web development and frontend engineering roles.

Name of the Activity: **AI/ML IN MECHANICAL ENGINEERING**

Venue: **Google meet**

Date: **Apr 6, 2024 , Saturday**

Type of audience: **FY, SY, TY, Final year**

Short description of the activity:

Artificial Intelligence (AI) and Machine Learning (ML) are revolutionizing various industries, including Mechanical Engineering. This report explores the applications, benefits, challenges, and future prospects of AI/ML in Mechanical Engineering.

Dr. Aanchana Sharma, the speaker for the event completed her BTech in Civil Engineering from LPU , MTech in structural engineering also from LPU. PhD in experimental and data driven mechanical modeling of particulate polymer composites from IIT Jammu. It was a pleasure for us to have such a wonderful speaker with us.

More than 40 students participated in this event actively . The students were very curious about learning more about this topic . The speaker guided all the students very well and participated actively and cleared their doubts.

The session covered an introduction to the topic, current work in that field , collaborations , future scope , etc. The young minds were fascinated by all the things they learnt that day. This session was very useful for students to pursue their career in this field and expand their horizons.

ASME faculty coordinator also joined this session and guided the students

REPORT OF ENGINEERING CANVAS

Name of the Activity: Engineering Canvas

Location: Cummins College Campus

Date: 4 April, 2024

Short Description of the Event:

The abstract submission and poster presentation competition attracted 27 registrations, highlighting a significant interest in innovative research and projects. This report provides a summary of the competition, key aspects and outcomes.

The competition served as a platform for participants to showcase their creativity, research skills, and innovative thinking. Through the submission of abstracts and poster presentations, participants contributed to the advancement of knowledge and the exploration of novel ideas across diverse fields. The competition fostered collaboration, creativity, and critical thinking among participants, enriching the academic and intellectual landscape.

Winners:

1st : ByteByByte: College Name: MKSSS's Cummins College of Engineering for Women Pune

1. Sonakshi Goyal
2. Ruchika Suryawanshi

2nd : Scaleup: College Name: Nehru Institute of Technology, Kaliyapuram, Tamil Nadu

REPORT OF REVERSE ENGINEERING

Event Name: Reverse Engineering

Date: 8 February 2024

Venue: College campus

Time: 10:15 am – 5:15 pm

Short description of the event:

The Reverse Engineering event was filled with excitement and joy. Many students participated willingly. The students had to solve the crossword within 15 minutes.

This event provided an opportunity to students to showcase their vocabulary and enrich their knowledge. In this event the students were given a particular theme, and according to the theme the students had to fill in the related words within the 15-minute time limit.

Report of Internship Talk 4.0 Day 1

Name of the Event: **Internship Talk 4.0**

Mode: **Online**

Venue: **Google Meet.** <https://meet.google.com/tny-cris-duy>

Date: **9th September 2023 (Day 1)**

Time: **7 P.M. to 8 P.M.**

Type of audience: **SY,TY (Mechanical, EnTC, Instrumentation)**

Name, contact details, department of Faculty reporting the activity: NA

Short description of the activity:

The internship season for third year students has started as they have been giving tests and interviews regularly in order to get an internship in a company. Thus, the following session “Enlightening Experiences” was arranged by ASME Cummins Student Section in order for the audience to gain better insight into the selection process. They can use the knowledge gained from this event and apply it to their further interview processes. The speakers also talked about their experiences working as interns so that the students get an idea of what to expect once they get an internship. The event was anchored by Miss Sanskruti Aserkar.

The speakers of the event were:

1. Miss Maithili Deshpande (Current Intern at Schneider Electric)
2. Miss Poorva Ghanekar (Current Intern at Ansys)
3. Miss Aboli Pakhale (Current Intern at Hirschvogel)
4. Miss Swaralee Dabke (Current Intern at Garrett Motion)

The speakers talked the audience through their entire experience, from preparing for the recruitment process to their current days at work. A short Q&A session was kept after every speaker and a common Q&A session also took place at the end of the speaker’s session. The speakers gave valuable advice on how to prepare for interviews. They also informed the audience of the questions that they had been asked during their interviews. They briefly touched upon the projects that they have recently finished during their internship. Additionally they even gave advice on what things the audience do once they start their internship, like keeping a daily journal and noting down the things that they have learned for the day. Since the speakers

work in different domains of the field like manufacturing, software development, part development, tolerance stacking etc, they all brought very unique experiences to the table and had a variety of experiences to share. The entire talk was overall very informative and especially relevant to the third year students of the college. They had their doubts cleared and additionally also got new pointers to keep in mind for their future processes. The second year students also benefited from the session as they now have an idea of what to expect in advance and can now start preparing for their own recruitment process early.

No. of Participants: 24 Students

Speaker details:

1. Miss Maithili Deshpande (Current Intern at Schneider Electric)
2. Miss Poorva Ghanekar (Current Intern at Ansys)
3. Miss Aboli Pakhale (Current Intern at)
4. Miss Swaralee Dabke (Current Intern at Garrett Motion)

Greetings From ASME-CCOEWF.

I hope this email finds you well. We are thrilled to invite you to an upcoming event that promises to be both informative and inspiring—an Internship Talk that will provide valuable insights into the world of internships, career development, and personal growth.

Event Details:

Date: 9th & 10th Sept

Time: On 9th Sep - 7pm

On 10th Sep - 5pm

Location: virtual via Gmeet (<https://meet.google.com/try-cris-dujy>)

Registration: To secure your spot at this exciting Internship Talk, please register for free at <https://forms.gle/KgMKw6sac9W7mnad9>

Don't miss this chance to learn from the best and jumpstart your internship journey. Feel free to invite your friends, colleagues, who might benefit from this event. The more, the merrier!

We look forward to seeing you at the Internship Talk and helping you take the next step towards a successful and fulfilling career.

If you have any questions or need further information, please do not hesitate to reach out to us at asme@cumminscollege.in

Thank you for your attention, and we hope to see you there!

Best regards,

ASME-CCOEWF

Report of Internship Talk 4.0 Day 2

Name of the Event: **Internship Talk 4.0**

Mode: **Online**

Venue: **Google Meet. <https://meet.google.com/tny-cris-duy>**

Date: **10th September 2023 (Day 2)**

Time: **5 P.M. to 6 P.M.**

Type of audience: **SY, TY (Mechanical, EnTC, Instrumentation)**

ASME Cummins Student Section arranged an Internship Talk for SY, TY students of Mechanical, Entc and Instrumentation. The event was scheduled for 2 days i.e on 9th and 10th September 2023. On day 2, four alumni of Cummins College shared their experience about their internships and their current company experience. They guided the students on how one should apply for an internship and placements, what preparation is required for the interview and also how one can apply to universities for higher education. The anchor of the event was Ananya Bhusare

The speakers were as follows :

1. Arya Vyavahare (Mercedes Benz R & D)
2. Shreya Bahalkar (JCB)
3. Shivani Pandit (Purdue University)

Aarya Vyavhare shared her experience about her internship and the experience in Merced Benz. As she works in the R & D department of the company, she shared the highlights of what work the R & D department carries out. She also enlightened the students with her knowledge in her field, shared some tips to apply for various companies and also talked about various fundamental skills that should be required.

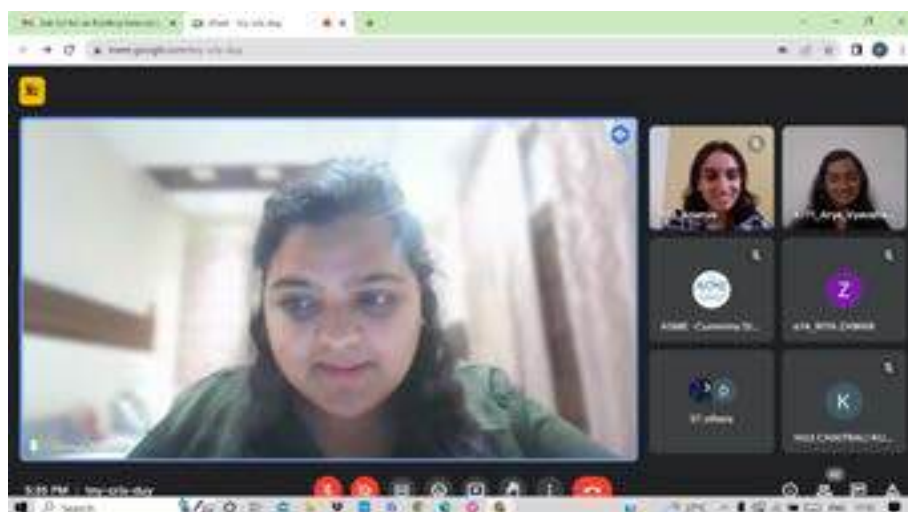

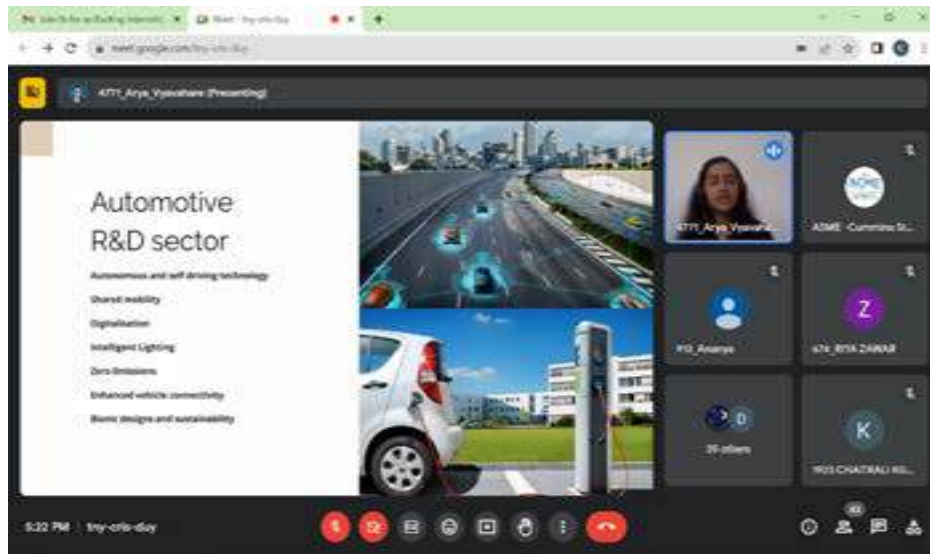

Shreya Bahalkar also shared her experience about her internship and her experience with JCB. She guided the students very well and also cleared their doubts. She also gave an insight about her role in JCB. She also shared about her journey in JCB as a Project Manager. She also talked about various departments in the corporate world

Shivani Pandit shared about her experience in Purdue University. She also shared how one can apply for higher studies in universities and about the scholarship process that Cummins provides if someone wishes to pursue Masters. She talked about the necessary scores in GRE, TOEFL and CGPA to get selected for the scholarship and Purdue University. She shared her wonderful journey from Cummins to Purdue University.

A short Q & A was also conducted where the doubts of the students were cleared. The

session was very good and students got insights on how exactly they should be working towards their goals. They also got an overview of the interview and placement process.

The session would surely be helpful for their future.

List of participants

1. Sanskruti Aserker
2. Ananya Bhusare
3. Mughda Deshmukh

[Enlightening Experience Drive Folder](#)

Name of the activity: Arduino Workshop

Date & Time: 28th and 29th February 2024, 3pm to 5pm

Venue: DSP Lab and ESD Lab, Instrumentation and Control

Type of Audience: FY, SY, TY

Faculty Coordinators: Prof. Manisha Narwane, Prof. Sheetal Katwe

Student Volunteers : Rucha Darshane, Anjali Rakibe, Devangi Jadhav, Vedika Potey, Aslesha Rathod, Yukti Mahajan, Mrudula Kinkar

Short Description of the Activity:

The Arduino Workshop was organized and led by the Final Year students of the Automation Club. The motive behind this workshop was to introduce Microcontroller programming to the first- and second-year students .

In these 2 days of the workshop the students were divided in groups of 3 and were provided with the complete Arduino kits along with required accessories and sensors . The workshop was completely application based and allowed the participants to actually implement their codes on the hardware.

The topics covered in the workshop ranged from basic interfacing programs to data acquisition from sensors. The participants were well acquainted with the interfacing of Arduino with LEDs , LCD displays , Keypad , various analog and digital sensors and reading data to excel or csv .

No. of Participants: 30

Arduino Workshop 2023-24

Automation Club Automation.Club@cumminscollege.ac.in 16 Feb 2024 8:27 AM

To: HAT, NAPS, TSE, NAPS, OOI, Shree, SSS, Shree, CO, Shree, Mahesh, TS, Ganika, RSB, Anshika, VEDRA, ZY, Ganika, S24, Apurva, T4, Shree, T5, Anshika, T6, Dnyaneshwari, T4, Ganika, S24, Anshika, S24, Anshika, T5, K...

Hello all,

Hope you all are excited about tomorrow's Arduino workshop. It is a 2 day workshop, in which major areas about Arduino will be covered from basic to advanced level.

Here are a few instructions for the workshop:

- Report to the DSP Lab in Instrumentation Building by 2:50pm.
- For smooth conduction of the workshop we have made groups of 3 members. Please coordinate with your group members before coming for the workshop.
- Due to the huge response we have limited resources, so ensure that each group has one laptop and one breadboard each. In this way you can get your own devices configured for the Arduino board and its codes.

Date: 25th Feb and 26th Feb 2024
Time: 3 to 5pm
Venue: DSP Lab (Instrumentation Building)

We look forward to seeing you at the workshop!
In case of any query, please feel free to revert back to the mail or contact any of the coordinators.

Best regards,
Automation Club-CCOEW

**Event Report: ISA CCOEW Chapter Student-Led Conference:
"FutureForge: Automation for Tomorrow"**

MKSSS's Cummins College of Engineering, Pune

Theme : Automation for Tomorrow

Venue : Mechanical building Auditorium

Date : 23rd February 2024

Time : 9:30 am to 5:00 pm

The International Society of Automation (ISA) CCOEW Chapter orchestrated a remarkable Student-Led Conference themed "FutureForge: Automation for Tomorrow" on February 23, 2024, at the Mechanical building Auditorium, MKSSS's Cummins College of Engineering for Women Pune. The event, designed to fuel innovation and excellence in the automation domain, featured a compelling poster competition highlighting projects on Industrial IoT, Robotics and AI, Control Systems, Machine Design, Smart Manufacturing, Machine Monitoring, and Predictive Maintenance.

The conference commenced with a grand inauguration and welcoming speech. Distinguished guests, including esteemed speakers and industry leaders, participated in the ceremonial lamp lighting. Notably, the IoT-based lamp was a creation of Dr. Atul Joshi, an esteemed faculty member of the Instrumentation and Control Department at Cummins College.

The keynote session, "Digital Transformation – Automating the Future" by Mr. Somnath Chakraborty, set the tone for the day, providing valuable insights into the future of automation. Following this, engaging sessions unfolded, each initiated by the respective speakers who expounded on their designated topics.

The first session delved into Sustainability, with Mr. Ajay Phatak sharing expertise and perspectives on the subject. Subsequently, Ms. Sujata Tilak led Session-2, shedding light on the pivotal role of Digital Engineers in the landscape of Industry 4.0. The conference seamlessly integrated networking opportunities, allowing participants to engage in automation games and witness product demonstrations by industry-leading companies such as Electronet Equipments Pvt Ltd. and Wyzbo Technologies Pvt. Ltd.

An essential highlight was the Poster Presentation segment, where winning entries were unveiled in which the top three teams were recognized: 1st Place went to Anisha Jain & Team from MKSSS'S Cummins College of Engineering for Women, Pune; 2nd Place to Sharvari Hinge & Team from Dr. D. Y. Patil Institute of Technology Pimpri, Pune; and 3rd Place to Rucha Darshane & Team from MKSSS'S Cummins College of Engineering for Women, Pune. and participants had the chance to interact with industry professionals.

A case study on Software Automation through RPA & Intelligent Automation, presented by Mr. Kirtikumar Dhruv, added a practical dimension to the conference. This was followed by a session on Cyber Security: Context & Career, delivered by Mr. Sandeep Kulkarni, providing valuable insights into the crucial aspect of security in automation.

The Open Forum, moderated by Mr. Vijay Kartik, Mr. Gurmeet Anand, Mr. H. S. Pansare, Mr. Karam Rehani, and Mr. N. Bedarkar, explored challenges and opportunities in automation careers, providing a platform for insightful discussions. The day concluded with a Vote of Thanks and Concluding Remarks by Ms. Siddhi Nirgude, the President of ISA CCOEW.

The hosting duties were skillfully handled by Ms. Rhitika Sharma and Ms. Anwasha Sen, adding a vibrant and engaging element to the entire conference. The success of the event was a testament to the meticulous planning of the organizing committee, the active participation of attendees, and the dedication of volunteers. ISA CCOEW looks forward to building on this success in future endeavors, continuing to champion excellence and innovation in the dynamic field of automation.

Feedback from Attendees

"Feedback from attendees overwhelmingly praised the 'FutureForge: Automation for Tomorrow' conference. Participants valued the informative sessions, insightful speakers, and engaging activities like the poster competition and industry demonstrations. The networking opportunities were seen as particularly beneficial, fostering valuable connections between students, professionals, and companies within the automation domain."

Any suggestions

38 responses

No.

It was great and highly interactive.

No.

fun learning experience

Very interesting.

No. It was a fun and inclusive workshop.

There are no suggestions actually really enjoyed & learned new thing

Keep taking such amazing events absolutely loved it.

Dr. Mrs. Anagha Panditrao

Workshop Coordinator

MKSSS's Cummins College of Engineering,Pune

The ISA Pune Section recently organized a session on Harnessing Growth using ISA Connect Tickets which was the online session conducted on webex platform. The session was scheduled with a special talk by very Senior and Distinguished ISA member from Bangalore Section Mr. Rajshekhar Uchil, who is Senior Life member and also a Director Elect of Aerospace Division and Executive Board member of Education Division, and trained us on using ISA- Connect platform.

Many of us must have used (or heard of) ISA Connect platform which is a powerful social media platform for the Automation community.

Whereas many of us were aware of how to use this platform effectively to connect Automation communities all over the world!

Thus this session was very thorough to explain all the queries related to it.

In this session many professional experts, student members and faculty members were present.

Many student members of ISA CCOEW Chapter attended the session.

This webinar was conducted on 25th Nov, 2023 at 3pm.

The session delved into a comprehensive understanding of ISA Connect's functionalities, emphasizing its similarities to LinkedIn with networking capabilities tailored specifically for ISA members. It highlighted the platform's user-friendly directory, resembling LinkedIn, enabling members to create profiles and connect with others.

ISA Connect was demonstrated as a versatile platform that facilitates hosting meetings across different sections. Student leaders or panel heads can efficiently organize and manage meetings, fostering collaboration and communication among members.

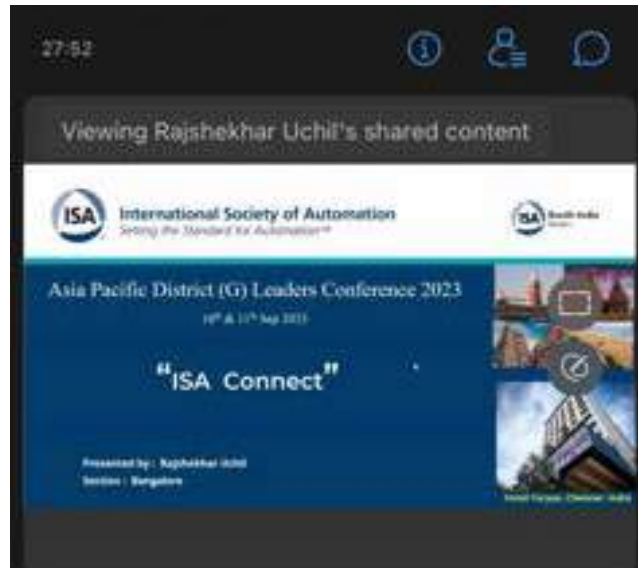

An overview of ISA Connect's administrative settings and event management features was provided, demonstrating its efficacy in streamlining administrative tasks and simplifying event coordination.

The session comprehensively explained the operational aspects of ISA Connect, illustrating its functionality and how it serves as a hub for ISA members to network, share insights, and collaborate on various industry-related endeavors.

The session concluded by informing attendees about an upcoming automation conference, encouraging participation and engagement within the ISA community.

ISA CCOEW

Activity Category: Expert Session

Speaker: Ms. Sayali Shintre

Topic: "Agile Software Development and Project Planning"

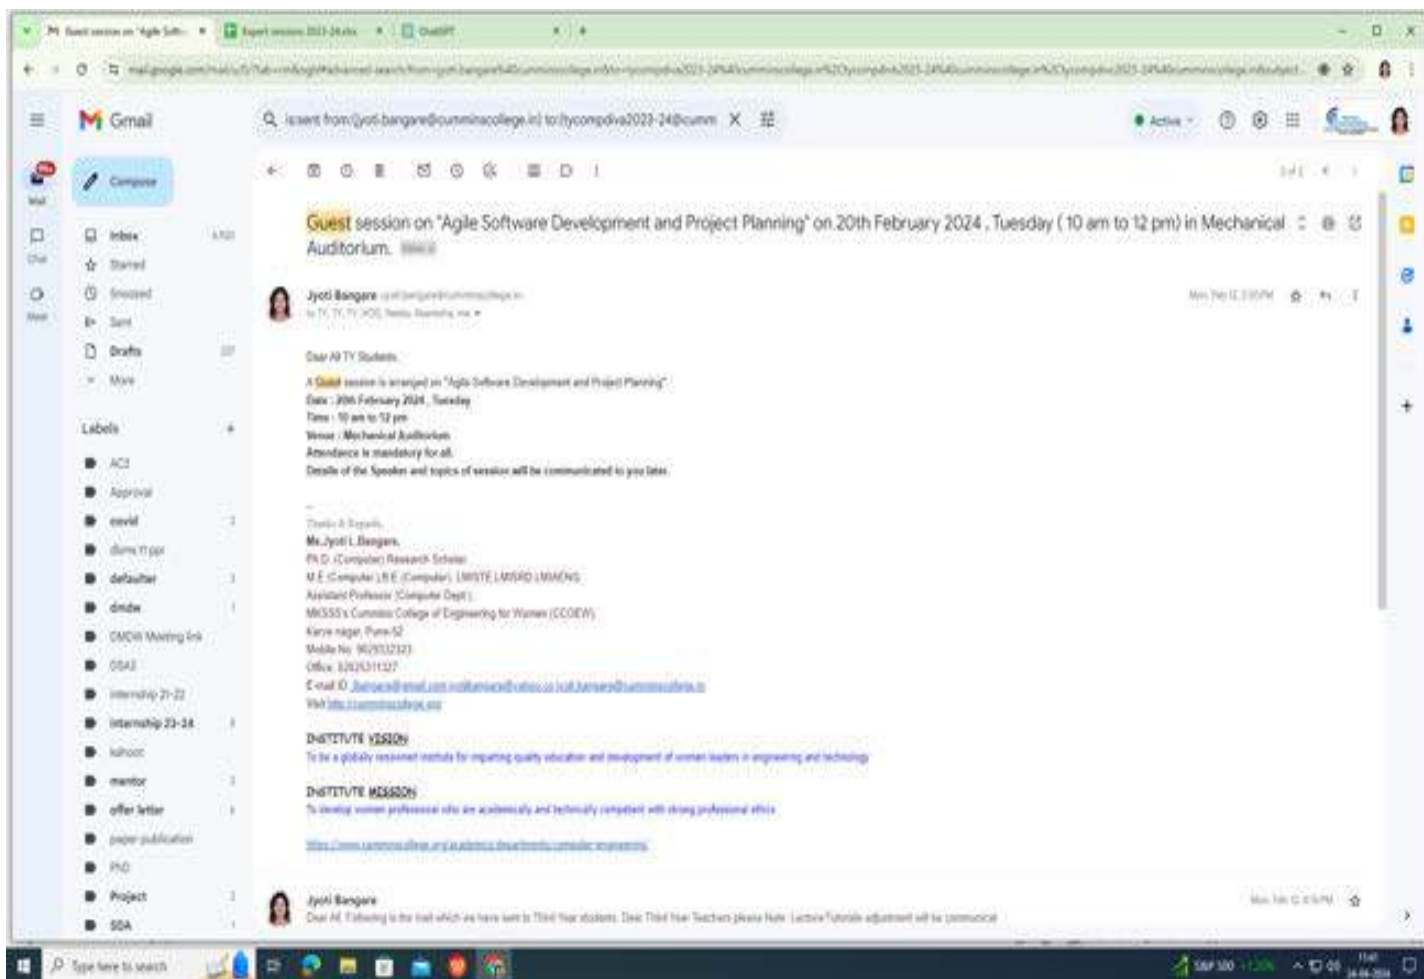

Date : 20th February 2024 , Tuesday

Time : 10 am to 12 pm

Venue : Mechanical Auditorium

Mode of conduction: Offline

Notification Email:

Objectives of the session:

1. To provide knowledge of the Agile Software Development and Project Planning from an expert who has extensively worked on the Agile framework for more than 20 years.
2. To introduce students to the technical aspects of Agile frameworks.

3. To analyze the the agile software process model for application development.
4. She covered Why agile software development - Limitations of traditional process models, Evaluating Agile Benefits, Understanding the Agile Manifesto, Outlining the Four Values of the agile Manifesto, Defining the 12 Agile Principles, Agile approaches - Lean, Scrum and Extreme Programming, Agile team. Agile project inception, User stories, Estimation, Agile plan. Agile software practices: Refactoring, Test-driven development, Continuous Integration Continuous Delivery (CI/CD); DevOps: Lifecycle, Benefits, Use cases, DevOps and Deployment.

Report: Expert Lecture

Course: 20CE 502 Design and Analysis of Algorithms (T. Y. BTech. Computer AY 23-24)

Design and Analysis of Algorithms is a core course offered for T.Y. BTech Computer Engineering students. Expert sessions were arranged for introduction of Advanced Algorithms like Parallel Algorithms, Approximation Algorithms, Randomized Algorithms and Genetic Algorithms. Sessions were very well appreciated by students.

Following are details of session:

Session 1:

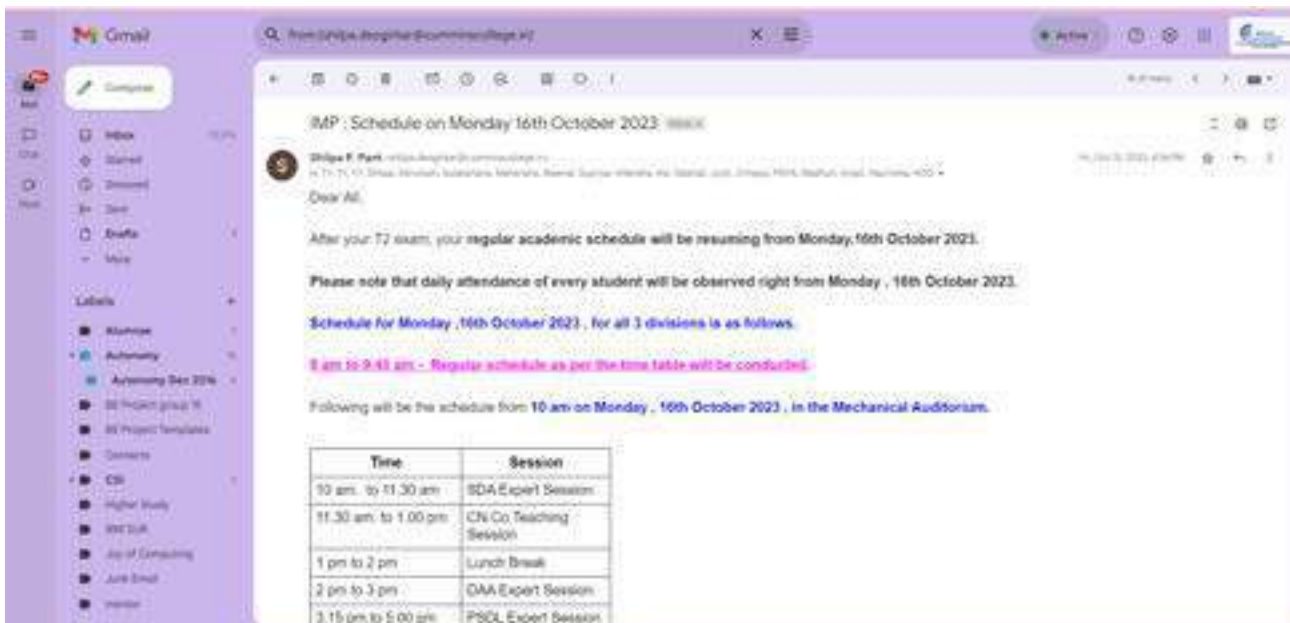

Expert Name: Dr. Abhijat Vichare

Topic: Parallel and Approximation Algorithms

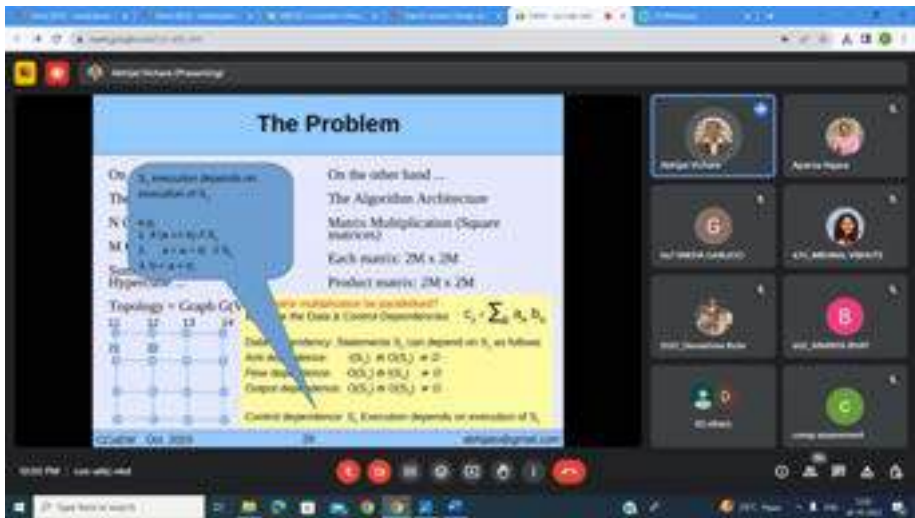

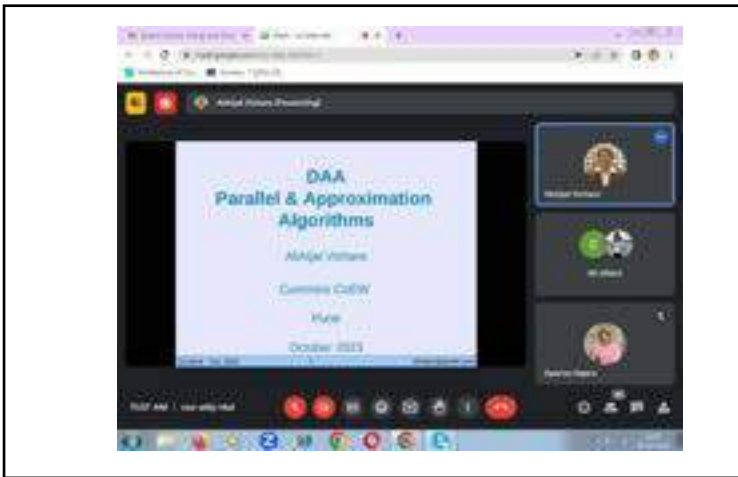

Session 2:

Expert Name: Dr. Anjali Naik

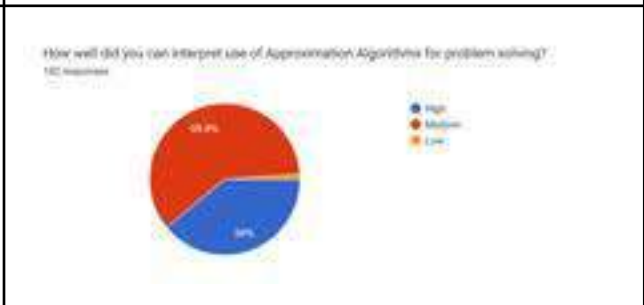

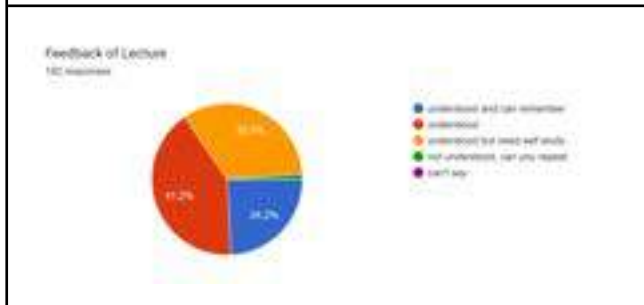

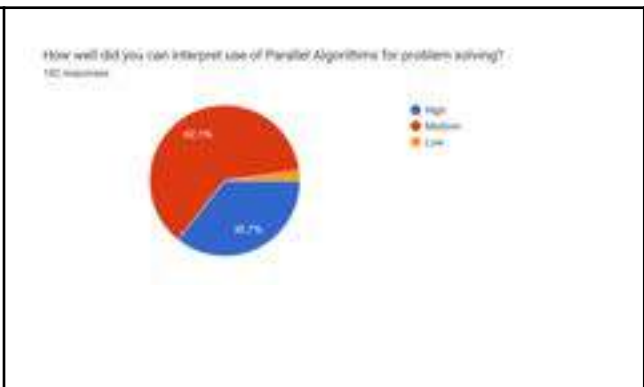

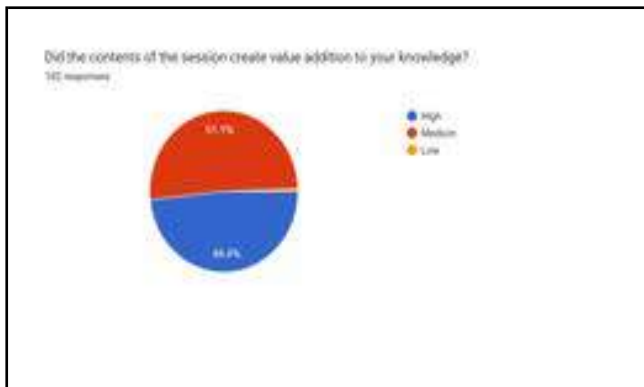

Topic: Genetic Algorithms

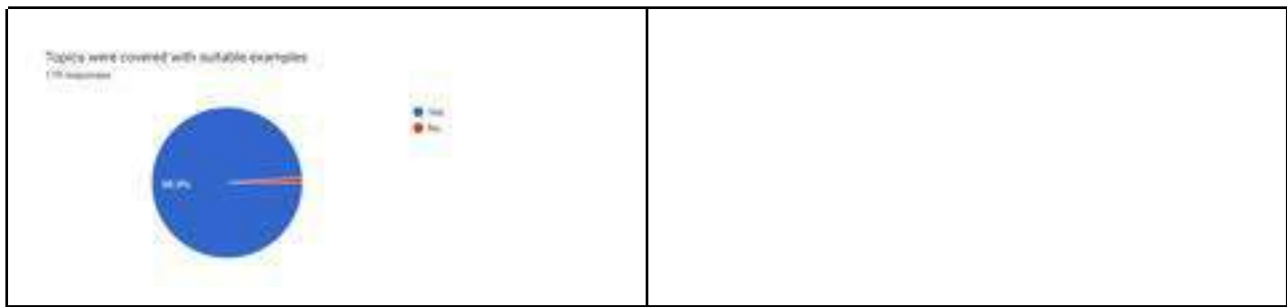

Photographs:

Report: Co-teaching

Program Elective: Introduction to Blockchain

Introduction to Blockchain is offered as a Program Elective course for Final year Students. This course was introduced in the 2020 curriculum of Computer Engineering as per suggestions received from various stakeholders. Course has a blend of theory concepts, technologies used in Blockchain and practical use of Blockchain in various domains like Healthcare, Banking, Supply Chain Management etc. To give practical insight and get introduced to technologies used in blockchain, co-teaching pedagogy was implemented for this course along with industry experts working in this domain. Six sessions were organized in the month of February and March 2024 for the same. In these sessions various topics were covered like demonstrations of Blockchain tools/frameworks, cryptocurrency transactions and writing smart contracts.

Following are details for Co-teacher from industry:

Name: Mr. Pratik Patil

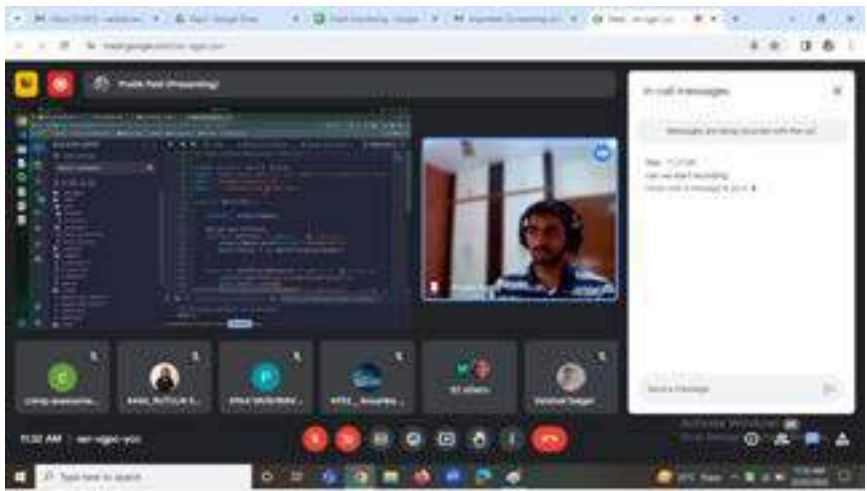

Company Name: Turtlemnt

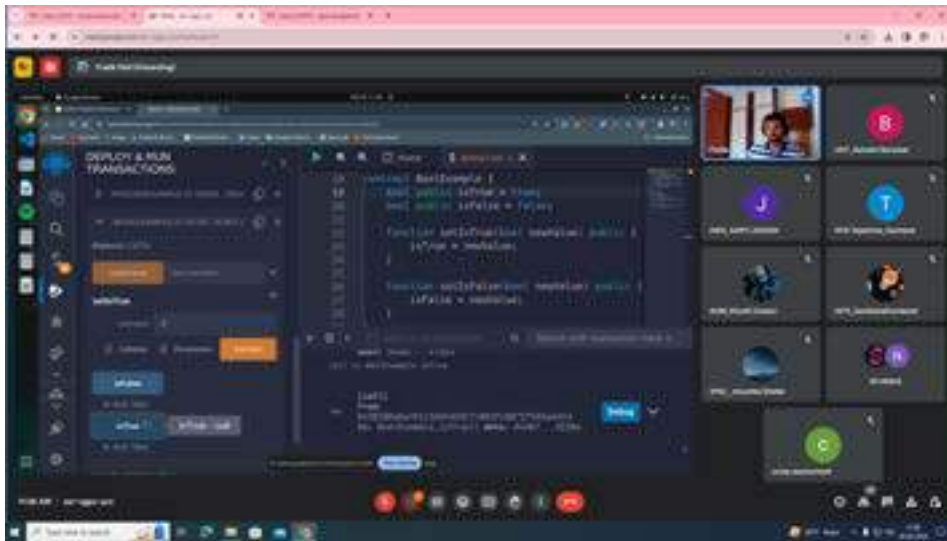

Designation: Senior Fullstack Blockchain Developer

Sessions were very well appreciated by students. Few feedbacks received from the students

- It was a great experience learning from an experienced and professional speaker. The session was engaging, interactive and very well planned.
- Good Session. Clearly explained.
- Lectures are very beneficial.
- Would be great, if all the sessions were offline. But really appreciate the demonstration hands-on part, and got a clear understanding of it.

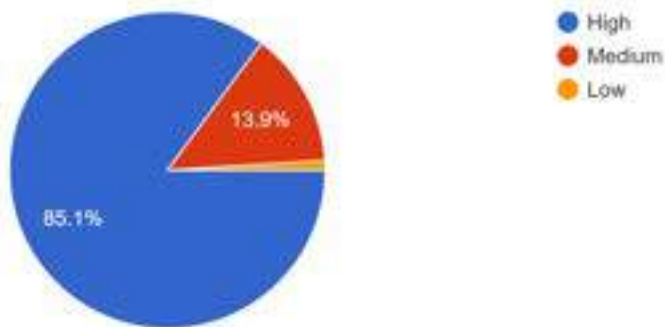

Feedback Received from students

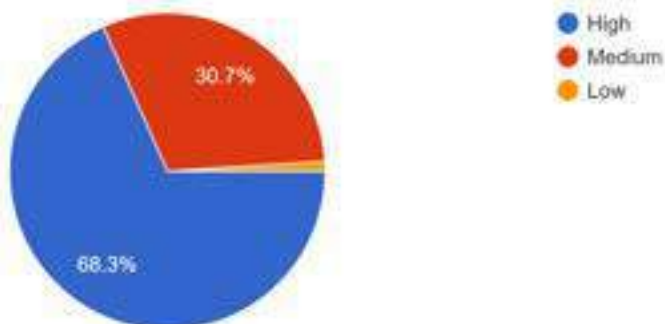

Did the contents of the sessions create value addition to your knowledge?

101 responses

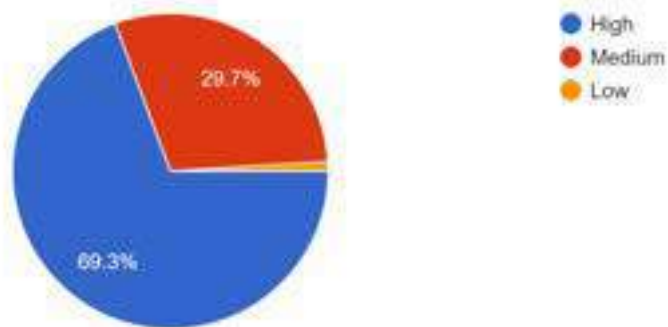

How well did you can interpret use of Blockchain Frameworks Ethereum and Hyperledger?

101 responses

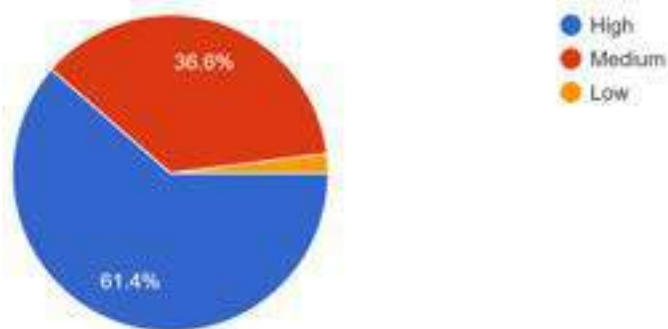

How well you understood use of Ethereum (Demonstration) Create Account, Create Transaction, use of wallets ?

101 responses

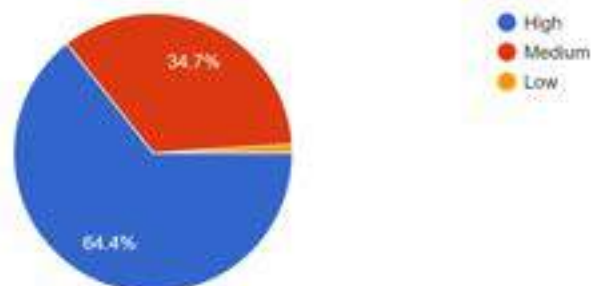

How well you understood Meta mask basic Installation and its use (Demonstration)?

101 responses

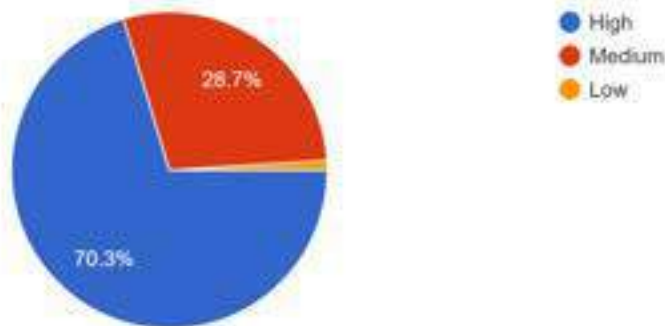

How well you understood writing smart contract using Remix ?

101 responses

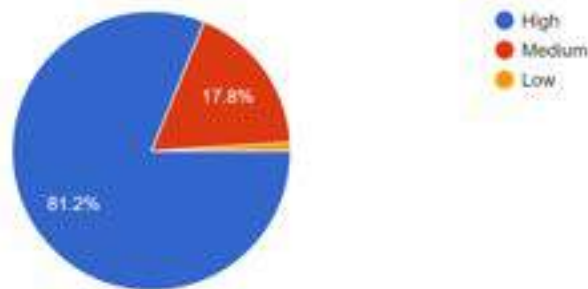

How well you understand cryptocurrency and its use?

101 responses

Did You understand topics delivered by guest speaker

101 responses

The screenshot shows an email interface with a purple sidebar and a white main content area. The email is titled "Important: Week 2 Co-teaching with Industry Expert for course introduction to Blockchain". The sender is Azeem Azhar, with a profile picture and email address. The email body contains the following text:

Dear Sir,

With the help of experts working in diverse **Blockchain** we have planned 3 sessions in the month of February and March 2024. In these sessions the syllabus of CS221 will be covered which includes demonstration of various tools like **Blockchain**, **Hyperledger** transactions and making smart contracts.

(Being a detailed syllabus 12/2023 week)

(Please note the sessions will be online and live on Instagram)

Attendance to all these sessions is Mandatory

Session 1 on Friday - 27/02/24, Tuesday
Topic: **Blockchain** Working Architecture
Time: 11:00 to 12:00pm

Topic: Smart Contracts in Blockchain **Blockchain**

- Understand the functioning of smart contracts in the Blockchain ecosystem
- Learn about the Blockchain related terminologies (e.g. gas) and its role in executing smart contracts
- Introduce Gas Price and its importance in Blockchain transactions

Session 2 on Friday - 28/02/24, Thursday
Topic: **Blockchain** Working Architecture
Time: 11:00 to 12:00pm

Topic: Smart Contracts in Blockchain **Blockchain**

- Learn how to run and debug smart contracts in Remix, with detailed guidance
- Get the practice of writing smart contracts using Solidity & JavaScript
- Explain comprehensive explanation of deploying and debugging smart contracts

Session 3 on Friday - 01/03/24, Tuesday
Topic: **Blockchain** Working Architecture
Time: 11:00 to 12:00pm

Guest session By Pranali Rekhawar,22 Feb 2024

Short Report of Expert Session

Impact Analysis

As an effort to enrich students' knowledge about industry working in Data science related areas, an expert session was conducted successfully for SY computer students at MKSSS's Cummins College of Engineering for Women, Pune. Talk spread awareness of Data science and ML work being done in industry. Awareness on how to be careful while choosing career options, techniques which can be used in data science was spread. Students were enlightened with the talk and it was fruitful and knowledge enhancing for SY students. Students enjoyed the session a lot and we will conduct more such sessions as per the feedback received from students

Speaker : Pranali Rekhawar

Walmart USA

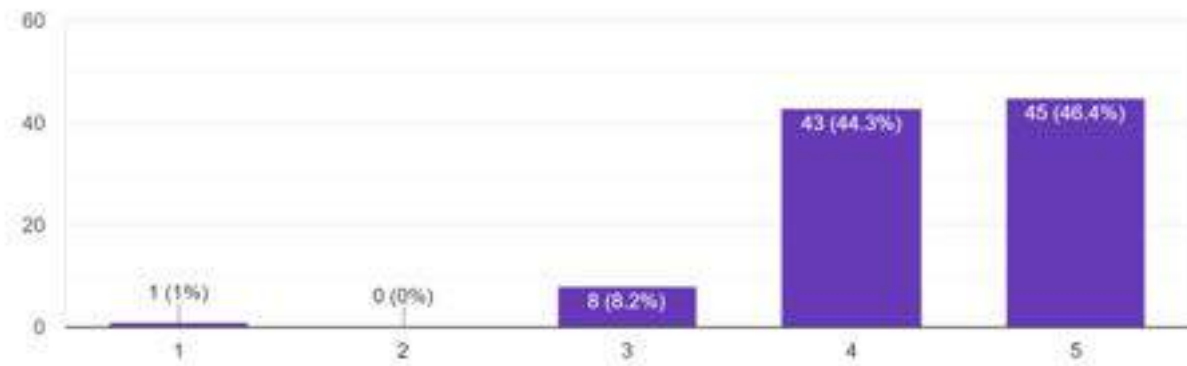

Date: 22 Feb 2024

Time: 11:15 to 12:15 PM

Feedback received was very good.

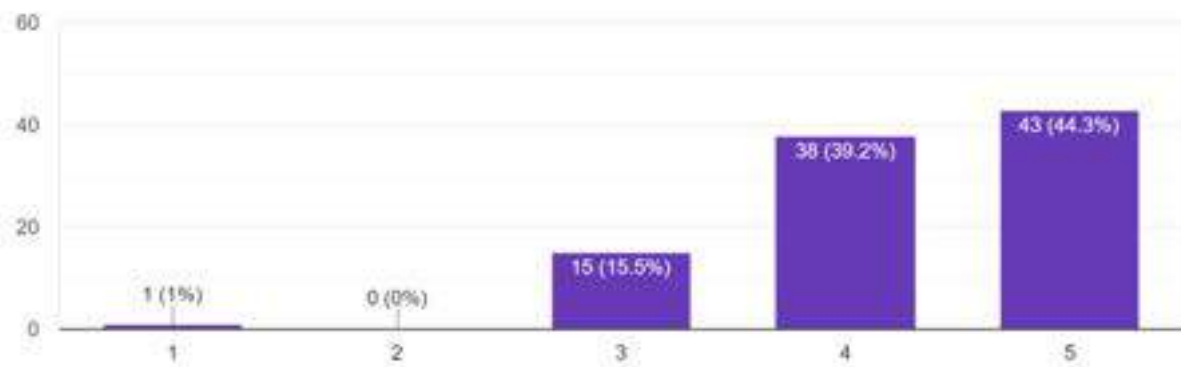

Do you plan to use today's knowledge in your project or research work?

97 responses

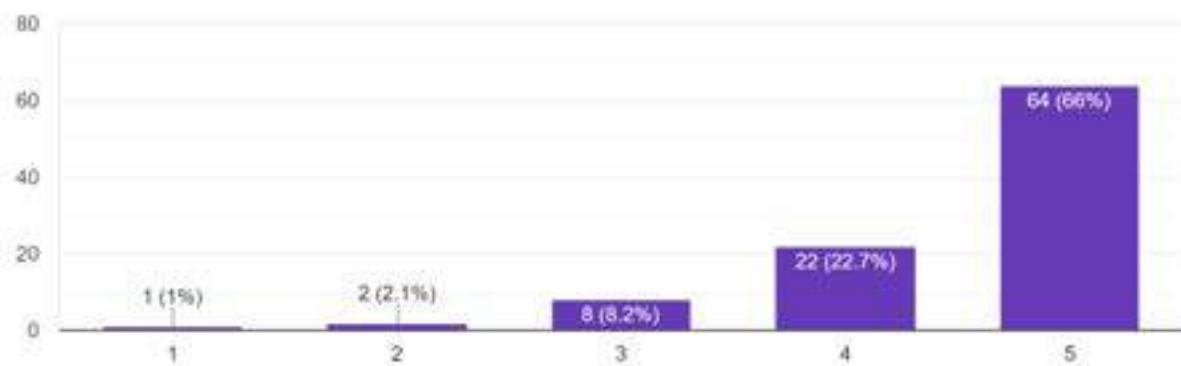

Did you understand fundamentals of Data engineering, techniques used for data science work?

97 responses

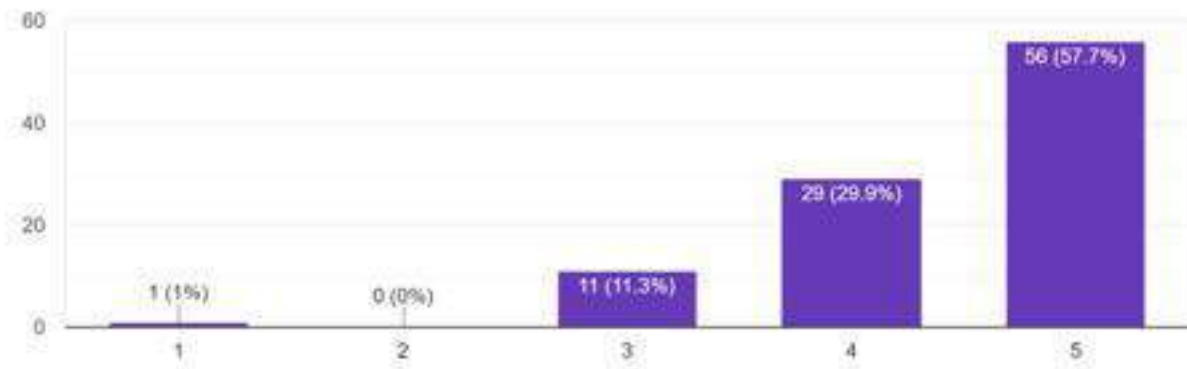

Was the lecture Interesting?

97 responses

Whether today's session will be helpful to prepare you to adapt the technological changes?

97 responses

Suggestions

yes , session was quite good rather than expected . and i enjoyed a lot

Please arrange many more such sessions on state of the art technologies.

better seating arrangements

more sessions like this should be organized

The session was very interesting and knowledgeable, hope to attend more such sessions by CCOEW alumni.

Session shall have been a bit long

The session can be longer .it was much interesting..

WOULD LIKE TO HAVE MORE SUCH LECTURES ATLEAST ONE PER MONTH

It could have been longer

That session was so inspiring and very much needed... these sessions should be organised after every month so that we will feel so motivated regarding our future as I feel really inspired and motivated after this session

IT WAS NICE AND REFRESHING.

Totally understood the overall working of the data scientist and got good amount of knowledge regarding the field. Would suggest to keep more such sessions about introduction to various domains so that we will have clear picture of in which domain we can enter in future. Thank you Dr. Sandhya mam, and Pranjali mam for the lecture.

These sessions should be conducted more often

More such sessions should be conducted

It was really helpful

Just help us with all new technologies which are coming in this AI branch

Keep taking this type of session we would love to meet alumini of our clg also have interest to acquire industrial experience from them

Would like to attend more similar sessions

WANT MORE SUCH SESSIONS

More session will be conduct for knowledge of MI

ML Guest session

To: Vaibhav Kshirsagar <miivaibhav@gmail.com>, prakash Date <prakash.date@cumminscollege.in>, "Dr. Supriya Kelkar" <supriya.kelkar@cumminscollege.in>, SY COMP DIV A 2023-24 <sycompdiva2023-24@cumminscollege.in>, SY COMP DIV B 2023-24 <sycompdivb2023-24@cumminscollege.in>, SY COMP DIV C 2023-24 <sycompdivc2023-24@cumminscollege.in>

Dear All,

An Expert Session for SY Computer All 3 divisions is scheduled on Thursday 29th Feb 2024, 11:15 am to 12:15 pm. at Mech Audi, for the Machine Learning subject. Kindly be there by 11:10 am.

Students will resume labs/lectures after 12:15 pm.

Session is on "Deploying ML model & exposing as REST API"

Attendance is Compulsory for all. Session will be helpful for building your case study or mini project.

--

Thanks & Regards

Guest Session by Vaibhav Khirsagar, 29 Feb 2024

Short Report of Expert Session

Impact Analysis

As an effort to enrich students' knowledge about industry working in Machine learning related areas, an expert session was conducted successfully for SY computer students at MKSSS's Cummins College of Engineering for Women, Pune. Talk spread awareness to deploy the ML model using Flask. Expert also talked about the Machine learning related work being done in industry. Awareness on tools , technologies and APIs available to make GUI for ML models were discussed. It was helpful to students to develop case studies and mini projects based on Machine learning. Students were enlightened with the talk and it was fruitful and knowledge enhancing for SY students. Students enjoyed the session a lot and we will conduct more such sessions as per the feedback received from students

Speaker : Vaibhav Khirsagar

Adhyayan Technologies

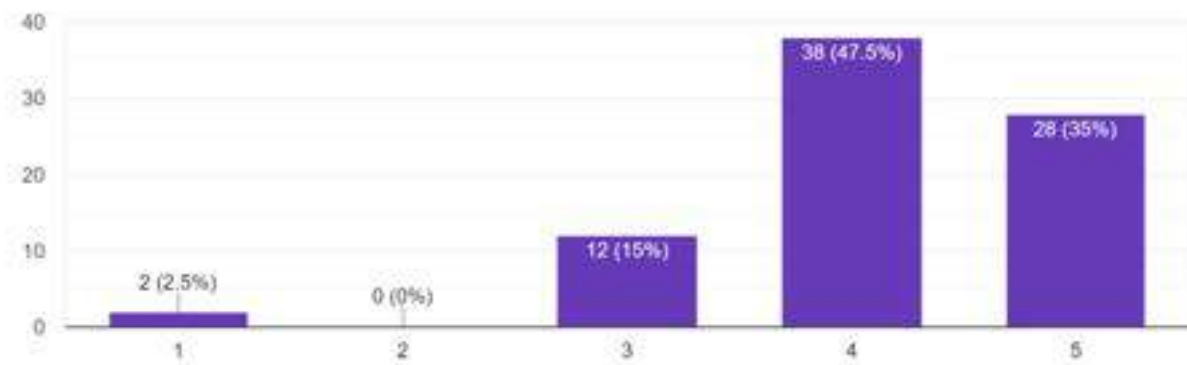

Date: 29 Feb 2024

Time: 11:15 to 12:15 PM

Feedback received was very good.

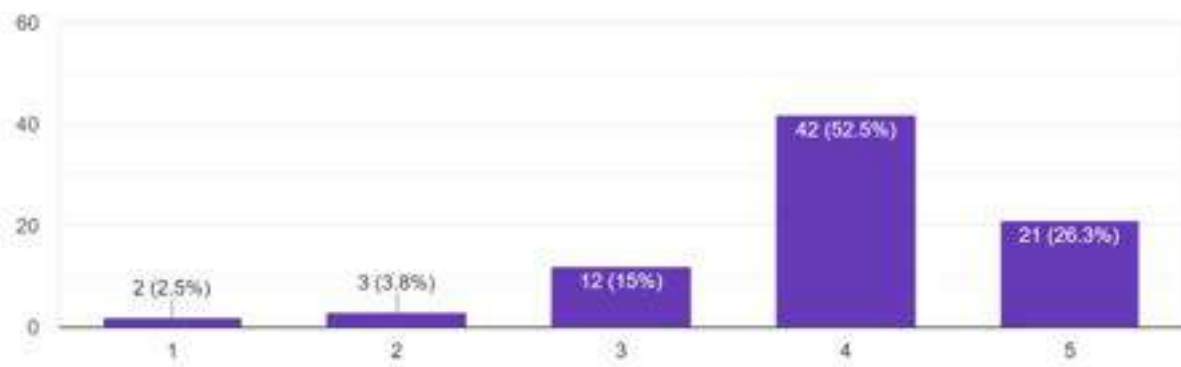

Do you think today's knowledge will be helpful in your project or research work?

80 responses

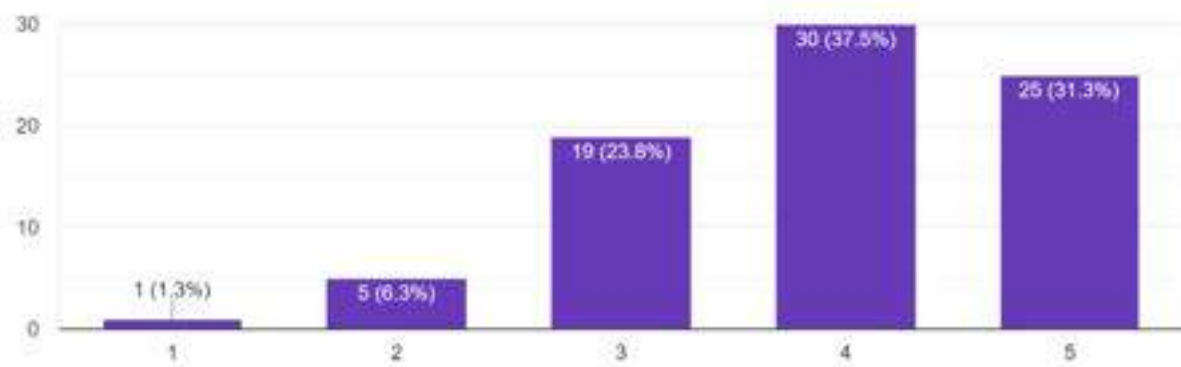

Did you understand fundamentals of Tools and technologies used for developing ML Model?

80 responses

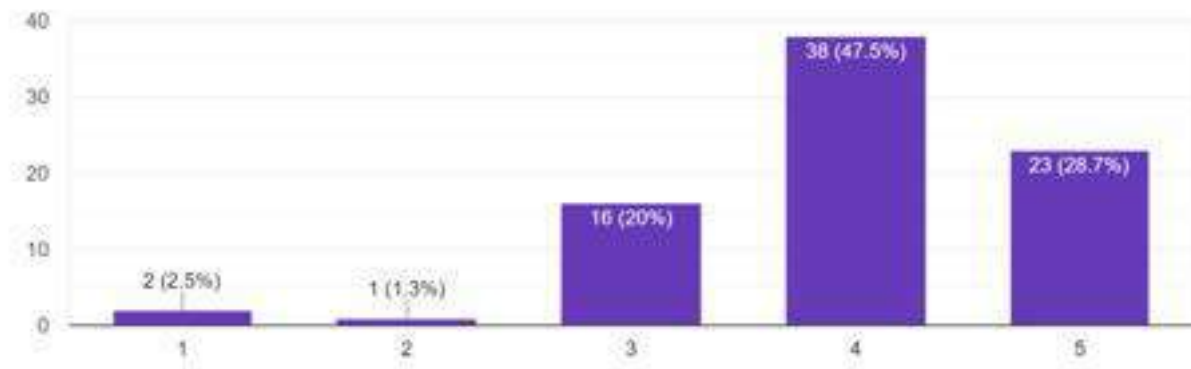

Was the lecture Interesting?

80 responses

Whether today's session will be helpful to prepare you to adapt the technological changes?

80 responses

Suggestions

Keep more such sessions with focus on ml based coding and interactions

Thank you for the informative and helpful session.

..

No suggestions

Maybe it should have been a bit longer than an hour, so we could have had more time to properly understand the code. Also we were a bit unfamiliar with some of the code concepts he used like HTML or CSS so maybe we should have had a little bit of introduction in that too.

Hands on along the way

like to attend more like this

N.A.

No

Conduct more sessions

it was good and learning session

No suggestions. The session was very interesting and hope to see some more sessions on such topics in future.

it was a learning and helpful session

It was good

The screen wasn't visible, the pace was fast and the content was a lot to be covered within given time. maybe instead of a guest lecture, a guest session/workshop that could span over a few hours be more helpful

-

Informative session

NO

Thank you for session.

nope

nothing

Expert Session of 20PECE801D :Artificial Intelligence

Speaker: Mr. Siddharth Suthar

Topic: "Implementation of AI in Industry and Research opportunities in AI "

Date : Thursday, 29th February 2024

Time : 1:00pm to 3:00pm

Audience: Final Year Computer Engg. Students

Notice/ Announcement to students : Notification Email:

Dear Final Year B.Tech Students,

An Industry Expert session is arranged on "Implementation of AI in Industry and Research opportunities in AI".

Details are as follows:

Venue: Mechanical Auditorium
Day and Date: Thursday, 29th February 2024
Time: 1:00pm to 3:00pm

Expert: Mr. Siddharth Suthar (Expertise in AI)
Designation : Senior Software Developer
Company Name : Stack Identity

We planned to cover the syllabus of Unit-VI : Applications of AI.

Attendance is mandatory.

Kindly be present in the Auditorium 10 mins before the session starts.

Thanks and Regards
Mrs. Varsha S.Pimprale
Assistant Professor
Computer Engineering Dept
MKSS's Cummins College of Engineering For Women, Pune - 411052

Co-teaching Sessions on Unit 4 on 25th, 26th and 27th Oct 2023

Rakhi Dongaonkar <rakhi.dongaonkar@cumminscollege.in>

Mon, Oct 23, 2023 at 9:24 AM

To: SY COMP DIV B 2023-24 <sycompdivb2023-24@cumminscollege.in>, SY COMP DIV A 2023-24 <sycompdiva2023-24@cumminscollege.in>, SY COMP DIV C 2023-24 <sycompdivc2023-24@cumminscollege.in>, dsycomp2023-24diva@cumminscollege.in, dsycomp2023-24divb@cumminscollege.in, dsycomp2023-24divc@cumminscollege.in, COMP Faculty <compfaculty@cumminscollege.in>

Dear SY Comp girls,

We have arranged Co-teaching Sessions on Rule Based Programming (Unit 4) on 25th, 26th and 27th Oct 2023.

We have invited Dr. Abhijat Vichare, who is the adjunct professor of our department.

Date: 25th, 26th and 27th Oct 2023

Time: 8:00 to 9:00 pm

Venue: Mech Audi

Please note the changed time table attached with this mail.

Requesting all of you to respect his time and not be late.

The sessions will start at 8:00am sharp. Be seated in the Auditorium before time.

Luv,

Rakhi ma'am

FEEDBACK

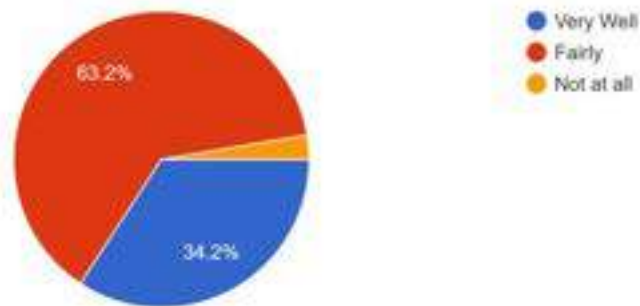

Co-Teaching Sessions on Logic Programming

Course: 20CE301 Programming Paradigms

Dates: 25th , 26th and 27th Oct 2023

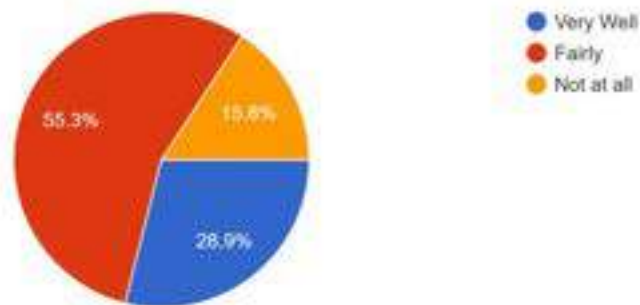

Did you understand the concept of logic programming?

38 responses

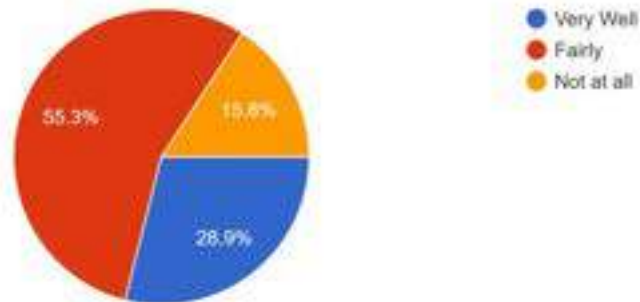

Did you understand the difference between preposition and predicate?

38 responses

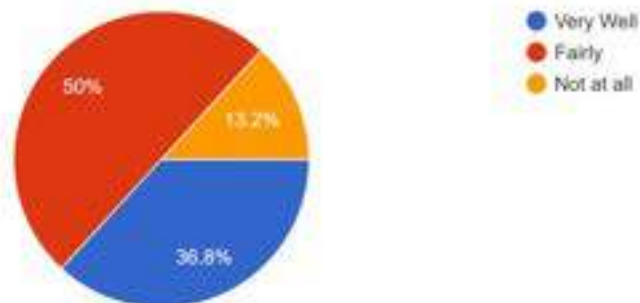

Did you understand the structure of Prolog program and how to execute it?

38 responses

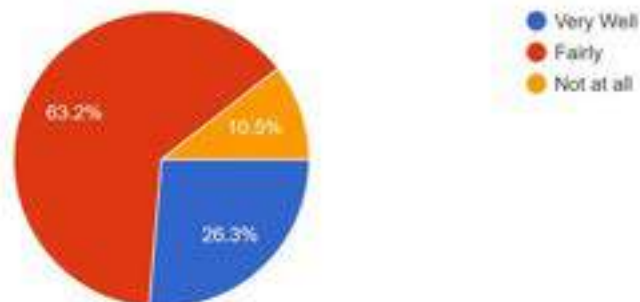

Did you understand the terms facts, rules and queries?

38 responses

Did you understand how prolog resolves the queries?

38 responses

Dear SY Comp girls,

We have arranged Co-teaching Sessions on Functional Programming (Unit 3) in the next week.
We have invited Dr. Abhijat Vichare, who is the adjunct professor of our department.

Date: 11th Sep to 15th September

Time: 8:00 to 9:00 pm

Venue: Mech Audi

Will be sharing the changed time table shortly

Requesting all of you to respect his time and not be late.

The sessions will start at 8:00am sharp. Be seated in the Auditorium before time.

Luv,

Rakhi ma'am

You don't often get email from mrudul.dixit@cumminscollege.in. Learn why this is important

Dear Serena

Thanks for the mail !!

Very happy to know that we can have a visit at TM Automotive Seating Systems.

Looking forward to further details.

Thanks and Regards,
Dr. Mrudul Dixit

Dear Madam

Thanks for the mail and the positive reply towards the Industrial visit for student members of IEEE student branch of our college.

I will share with you the list of students and faculty tomorrow.
We will surely be at your premises at 9.30am on Friday, 8 March 2024.

Thanks again!!
See you in person soon !!

Thanks n Regards
Dr. Mrudul Dixit

3rd February 2023

To
The Principal,
CCEW, Pune - 411052.

GMRT - Narayangaon

Subject: Permission to arrange a visit to Giant Meter wave Radio Telescope (GMRT) Observatory.

Respected Madam,

E&TC Department has planned an educational visit for S.Y. B.Tech. Students to the GMRT Observatory at Narayangaon on National Science Day i.e. 28th February 2023.

The main objective of the visit is that the students should get the knowledge of the radio telescope, different components of the radio telescope and the signal processing involved in it.

The approximate travelling charges for a 45 seater bus will be Rs 13,500/- (Upto 300 Km).

We are planning to take approximately 160 students for the visit, hence the transportation expenditure will be approximately Rs 55,000/- for four 45 seater buses.

So we request you to grant the permission for the said visit.

Thanking you,

Industrial Visit
2023-24

13/02/2024

Dr Anita Patil
Prof R Patil

To,
The Principal,
Cummins College of Engineering for Women,
Pune

Subject: Permission for Industrial Visit and Transport facility for T.Y. B. Tech E&TC students.

Respected Madam,

We, the faculty from Electronics and Telecommunication Dept wish to organize an Industrial Visit for T.Y. B.Tech (Program Elective-Biomedical Electronics) students to "Man shakti Kendra, Lonavala" on Tuesday 27th February 2024. The objective of this Industrial visit is to provide an exposure to students to various equipment designed and developed using bio signals and their applications. The number of students enrolled for this course are 35. About 4-5 faculty members in this domain also wish to accompany.

We request you to sanction permission for the visit and also the transport facility, a 40-seater bus for the visit.

Thanking you,

A.Patil

Dr. Anita Patil,

(Course Chairman: Biomedical Electronics)

INSTITUTE VISION

To be a globally renowned institute for imparting quality education and development of women leaders in engineering and technology

INSTITUTE MISSION

To develop women professional who are academically and technically competent with strong professional ethics

DEPARTMENT VISION

To provide excellent technical education for women in Electronics and Telecommunication Engineering in the global context.

DEPARTMENT MISSION

1. To impart quality education that enables building up of successful careers and to motivate the pursuit of higher studies
2. To train for adapting to technological advances and challenges in Electronics and Communication Engineering
3. To provide an intellectually stimulating and congenial atmosphere for exploring new ideas in multidisciplinary fields, excelling in academics and co-curricular activities
4. To instill ethics along with perseverance and empathy

12/02/2024

To,
The Principal,
Cummins College of Engineering for Women,
Pune

Subject: Permission for Industrial Visit and Transport facility for S.Y.B.Tech E&TC students.

Respected Madam,

We, the E&TC Department, wish to arrange an Industrial visit for S.Y B. Tech students for the course Embedded Systems, to the industry "Minilec India Pvt. Ltd." located at Pirangut, Pune. The objective of this Industrial visit is to provide an exposure to students to the industrial environment and understand practical applications of Embedded Systems. Considering the convenience of the company, the visit is to be organized on 20th, 21st, 22nd and 23rd February 2024. Considering the number of students at S.Y. B.Tech E&TC (A+B+C division =228 students), we will schedule the visit of 60 students along with 3 staff members on each day for above mentioned four dates. We require Transportation for 60 students plus 3 staff members accompanying with them so total count on each day is around 63. We may require 2 buses of capacity 35 and 25. Hence we request you to kindly grant the permission for said industrial visit to carry on for 3 days and grant us the transport expenses.

Thanking you,

Anita Patil

Dr. Anita Patil,

(Course Chairman: Embedded Systems)

Venue: Minilec India Pvt. Ltd. 1073/1-2-3, Mutha Road,, Taluka Mulshi, Pirangut, Pune, Maharashtra 412115

Timing: 8:30 a.m. to 2p.m on 20th, 21st, 22nd and 23rd Feb 2024.

Dear Sir,

Hope you are doing well !!

We would like to arrange visit to Pune metro (underground) for students of Electronics and Telecommunications branch from Cummins College of engineering for Women,Pune ; preferably on Saturday in the morning slot.

There will be around 40 students.

Kindly give us your confirmation and time for visit.

Thanks and Regards

Dr. Mrudul Dixit

On Tue, 29 Nov. 2022, 4:37 pm Sagar Vanarase, <sagar.vanarase@cumminscollege.in> wrote:

INSTITUTE VISION

To be a globally renowned institute for imparting quality education and development of women leaders in engineering and technology

INSTITUTE MISSION

To develop women professional who are academically and technically competent with strong professional ethics

DEPARTMENT VISION

To provide excellent technical education for women in Electronics and Telecommunication Engineering in the global context

DEPARTMENT MISSION

1. To impart quality education that enables building up of successful careers and to motivate the pursuit of higher studies
2. To train for adapting to technological advances and challenges in Electronics and Communication Engineering
3. To provide an intellectually stimulating and congenial atmosphere for exploring new ideas in multidisciplinary fields, excelling in academics and co-curricular activities
4. To instil ethics along with perseverance and empathy

Dear Sir

1 V.1

Thanks for the call !!

We can have a visit to Pune Metro underground station for the IEEE student members from E&TC department on Sat. 19 Aug. 2023 from 3 pm to 6pm to know the technical details about the working of the Pune metro. The technical details may include the electronic control systems, signaling systems, power electronics involved and automation, etc.

The student count will be around 40 accompanied by 3- 4 faculty members.

Students will board at Vanaz Station and travel to civil court and back.

Please confirm the day, date and time.

Thanks and Regards,

Dr. Mrudul Dixit

You are most welcome and I am sure, the tour would have benefitted the students for sure.

Do let me know just in case if any other batches wishes to come over for the Metro Samvad.

Let's stay connecte.

Industrial visit to Pune Metro (19 Aug. 2023)
Student Notice : Whatsapp Message on IEEE 2023 group

Report on Industrial visit to Pune Metro (19th Aug. 2023)

Visit to PuneMetro Underground station was organized on 19th Aug. 2023. 12 students and 4 faculty members attended the visit.

Report on Metro Visit. This visit helped in the process of exploring and understanding the working of different telecommunication systems with experts.

The following points were discussed in comprehensive detail:

- The workings and angles of different cameras used in the stations as well as the operation units.
- Explanation of how communication was done among operators and other workers.
- Understanding various emergency protocols.
- How systems work under an emergency situation.
- How solar panels help in the running of entire metro stations and how they store energy for cloudy days.
- How metro systems are automated and how their timings are adjusted according to traffic.
- The working of systems in case of a natural calamity or fire hazard.
- Demonstration of different power units, switches and generators for the smooth operation of the metro.
- Discussion on safety measures in place for the travelers.
- Automatic ticket collection and the ease of traveling with metro cards.
- Over 5000 people travel by the Pune Metro on a daily basis.

The session was very informative and conveyed the use of technology in advancement of infrastructure and travel.

MKSSS Cummins College of Engineering for Women Pune

Symbiosis Incubation Centre visit REPORT

Place:- Visit to Symbiosis Technology Business Incubator(SCEI) at Symbiosis International University, Lavale, Pune

Date : 4th Aug. 2023

Total number of students : 24 students of an open elective course '20 OEHS 501A Entrepreneurship Development'

Total Faculty Members: 03

Name of the Faculty Members: Dr. Makarand Velankar, Dr. Anjali Naik, Dr. Megha Borse

Description: A visit to 'Symbiosis Technology Business Incubator(SCEI) at Symbiosis International University, Lavale, Pune' was organized for students of an open elective course '20 OEHS 501A Entrepreneurship Development' on 4th Aug. 2023 to know the facilities provided by Incubation centre to startups.

SCEI is a Technology Business Incubation centre located at Lavle, Pune with 50 startups incubated from different sectors. Entrepreneurship development faculties along with the students from MKSSS Cummins College of Engineering for Women, Pune with passion for entrepreneurship visited 'SCEI' on 4th August 2023.

Students had discussions with the young entrepreneurs who have their own startups and are facilitated by this incubation centre.

Highlights of the visit:-

1. Mr. Apurv Barot, Founder 'RouteX' explained different types of 3D printing machines along with functioning of 8 state of the art machines and the models created. He explained the applications and usage of 3D printing for his own drone venture prototype.
2. Mr. Pratap Pawar, CEO Guruji Education described his journey as an entrepreneur and the EdTech labs developed for skill development for school kids and college students.
3. Mr. Yogesh Brahmanekar, CEO at Symbiosis Technology Business Incubator enlightened the students with the functioning of incubation centre and facilities provided to the startups. With an experiential learning exercise, he emphasized the fact that

- 2) Megha Borse Ma'am
- 3) Anjali Naik Ma'am

Total : 9100

"Everyone can Innovate". He interacted with students and explained the SPOS terminology, which is Situation, Problem, Opportunity and Solution. Scalability and Impact are essential elements of any startup according to him. Overall the visit was a technical delight to the students and faculty.

Report on Fuzzy Logic Inference System (27th March , 2nd April 2024)

Two workshops were conducted on Fuzzy Logic Inference System (offline) and Neuro Fuzzy Systems (Online) on 27th March 2024 and 2nd April 2024 for the final year B. Tech Students with Artificial Intelligence as the elective subject by "Kunal Khandelwal, MathWorks, DesignTech Systems Pvt. Ltd. Pune"

In the first workshop on fuzzy logic inference system students were introduced to the basic concepts of Fuzzy Sets, Fuzzy Reasoning, Fuzzy inference were explained and then the real life examples were discussed and implemented using the fuzzy logic Matlab toolbox.

76 students attended the workshop.

In the second workshop on Neuro Fuzzy Systems the Neuro-Fuzzy Designer app was used to design, train, and test adaptive neuro-fuzzy inference systems (ANFIS) using input/output training data. The membership functions were tuned for the Sugeno-type fuzzy inference systems. All the concepts were explained and then implemented for the real time application.

63 students attended the workshop.

Report on workshop on R Programming for data analysis and visualization (12th April 2024)

A hands-on online workshop was conducted by Lakshmi Chandrashekhara (Alumni 2018 batch) on 12 April 2024 on Data Analysis and Visualization using R Programming for the final year students with Big Data Analytics as a course under Honors for Data Science.

The basic concepts of R programming, comparison with python, basic commands loops, data frames, lists, vectors, etc. were discussed and implemented. Summary function for data analysis was discussed and implemented in detail along with the various data visualization techniques. Various graphs and plots with their usage for specific applications were also discussed. Total of 30 students (including 1 from M.Tech FY) attended the workshop.

Dear Pratyush Sir,

Thanks a lot for the positive mail regarding conduction of online hands on workshop on Big Data.

Surely we can go ahead and conduct the workshop on 10th April 2024 from 3 -5 pm. Please do share the joining link as well as study material if any.

Thanks and Regards,

Cell - 91 9822602436

<https://alumni.cumminscollege.org/>

INSTITUTE VISION

To be a globally renowned institute for imparting quality education and development of women leaders in engineering and technology

INSTITUTE MISSION

To develop women professional who are academically and technically competent with strong professional ethics

DEPARTMENT VISION

To provide excellent technical education for women in Electronics and Telecommunication Engineering in the global context.

DEPARTMENT MISSION

1. To impart quality education that enables building up of successful careers and to motivate the pursuit of higher studies

2. To train for adapting to technological advances and challenges in Electronics and Communication Engineering

3. To provide an intellectually stimulating and congenial atmosphere for exploring new ideas in multidisciplinary fields, excelling in academics and co-curricular activities

4. To instil ethics along with perseverance and empathy

Dear all,

An online workshop on Big Data is scheduled on 10 April 2024 3-5 pm.

The topics to be covered tentatively are :

- Intro to Tall Arrays with MATLAB.
- Working with Distributed Arrays.
- Training and validating ML models on Big Data.

All the Students from Big Data Analytics Class (B. Tech and M. Tec.) should attend the workshop.

I will share the joining link soon.

Thanks and Regards,

Dr. Mrudul Dixit

Great Aspirer

Assistant Professor (E&TC Dept.)

Counselor, IEEE Student Branch

Faculty Coordinator, Startup and Innovation Cell

MKSSS's Cummins College of Engineering for Women, Pune

INSTITUTE VISION

To be a globally renowned institute for imparting quality education and development of world leaders in engineering and technology.

INSTITUTE MISSION

To provide quality professional education and develop technically competent and strong professional service.

DEPARTMENT VISION

To provide quality technical education for women in E&TC and to develop world class engineering and technology.

DEPARTMENT MISSION

1. To impart quality education that enables building up of successful careers and to increase the pursuit of higher studies.
2. To train for adapting to technological advances and challenges in E&TC and communication & computing.
3. To provide an intellectually stimulating and original environment for exploring new ideas in multidisciplinary, team working in academics and life.

Attendance Big Data Workshop (10th April 2024)

1. Anushka Yeole (Guest)
2. Shreeya Desai
3. Harsha
4. Shreya Bhat
5. Srija(Guest)
6. Tanvi T
7. Isha Bhargave

NOTICE

Hands-On Workshop for T.Y. Students (Course: 20PEEC601D Deep Learning)

A hands-on workshop for T.Y. (E&TC) (Div. A, B, C) under the Program Elective course **Deep Learning (20PEEC601D)** is organized on Wednesday, **27/03/2024** from **2:00 – 6:00 PM**.

Topic: "**Hardware Integration with MATLAB and Simulink for AI Applications**" (Venue: COMP-3 and COMP-4 Labs, 4th floor)

This workshop covers the applications of deep learning such as object recognition and image classification which is the part of deep learning syllabus. The workshop will be conducted by Mr. Kunal Khandelwal, Application Engineer – MathWorks, DesignTech Systems Pvt. Ltd., Pune.

Attendance for this workshop is compulsory for the students studying this course. Students can bring their laptops for this workshop.

 NonStop IO Technologies, Pune.

Sub: Invitation to conduct Workshop on "NoSQL database: MongoDB"

Dear Sir,

On behalf of Cummins College and IEEE student branch I wish to invite you to conduct workshop on " NoSQL database: MongoDB ".

The details of the guest lecture are as below:

Day and Date :Friday, 1st March 2024
 Venue : E&TC Dept., Cummins College
 Time : 3.15 pm

Audience : The Final Year B.Tech E&TC students with Big Data Analytics course
 Honors in Data Science and M.Tech in AI, FY students with Data Analytics

The Workshop will surely be beneficial for the students.

Thanking you,

Yours faithfully,

Dr. Madhuri Khambete
 Principal

Dr. Sharada Ohatkar

Dear All,
 The IEEE Student Branch has organised a workshop on Friday, 1 March 2024 in
 Computer lab 4 from 3.15 to 5.15 pm. The workshop will be on "NOSQL Database :
 MongoDB"
 The lecture is organised for Final Year B.Tech students with Data Science as honors
 with Big Data Analytics as the course and FY MTech (AI) Students with Data
 Analytics course.
 The handson implementation can be done on Ubuntu or Microsoft Operating system
 Platform. Few Students can bring their laptops if they wish.
 Everyone must be seated by 3.10 pm in Computer Lab 4 , E&TC Dept.

Thanks and Regards,
 Dr. Mrudul Dixit

Mr.Niraj Patkar conducting workshop

Report: Workshop on NOSQL Database : MongoDB

A workshop on NOSQL Database : MongoDB was conducted on Friday, 1st March : 2024, 3.15 - 5.15 pm for the final year students from Honors in Data Science and FY Mtech Students with course Big Data Analytics and Data Analytics respectively. The workshop was conducted by Mr. Nitin Patkar, Cofounder and chief strategy officer of Nonstop IO technologies. Total of 28 students attended the workshop.

The usage of the NOSQL database MongoDb Atlas was demonstrated by Niraj Patkar Sir and students implemented it on this cloud based platform. Cluster formation, Usage of the available data base and implementation of various functions on the database in cloud MongoDB Atlas was done.

Dear All,

The IEEE Student Branch has organised a workshop on Friday, 23 Feb. 2024 in Computer lab 3 from 3.15 to 5.15 pm. The workshop will be on MS EXCEL for Data Analytics.

The lecture is organised for Final Year B.Tech students with Data Science as honors with Big Data Analytics as the course and FY MTech (AI) Students with Data Analytics as the subjects

PFA the Sample data for the MS EXCEL workshop. Do download on your laptop before coming for the workshop tomorrow.
Everyone must be seated by 3.15 pm in Computer LAB 3, E&TC Dept.

Thanks and Regards,

Dr. Mrudul Dixit

INSTITUTE VISION

To be a globally renowned institute for imparting quality education and development of women leaders in engineering and technology

INSTITUTE MISSION

To develop women professional who are academically and technically competent with strong professional ethics

DEPARTMENT VISION

To provide excellent technical education for women in Electronics and Telecommunication Engineering in the global context

DEPARTMENT MISSION

1. To impart quality education that enables building up of successful careers and to motivate the pursuit of higher studies
2. To train for adapting to technological advances and challenges in Electronics and Communication Engineering

Report: Workshop on MS Excel for Data Analytics

A workshop on MS Excel for Data Analytics was conducted on Friday, 23rd Feb. 2024, 3.15 - 5.15 pm for the final year students from Honors in Data Science and FY Mtech Students with course Big Data Analytics and Data Analytics respectively. The workshop was conducted by dr. Parag Chaware, Faculty Mechanical department, Cummins College. Total of 35 students attended the workshop along with Mrs. Kishori Rajwade.

Various advanced MS Excel features like Sum and ifsum, Min, max, large, small, countif, Conditional Formatting, Filtering, Pivot Tables, Vlookup, etc. were discussed in the workshop. Students came to know the usage of MS Excel for data analysis and implemented the functions enthusiastically on the datasets provided by Chaware Sir.

Dear All,

A one-day workshop to explore all the features of the bio-signal acquisition system by ADInstruments Private Limited (Australia), is being organized on 15th March 2024 at the Cummins College of Engineering for Women, Pune.

The workshop will be conducted for the faculty who are teaching the courses in the domain of "Biomedical Electronics" and the research scholars working in this domain.

Please share this email with your colleagues and ask the concerned faculty/researchers to register on the Google form before 5th March 2024.

Professors

Work-place Address (Contact Phone No.)

Name	Designation	Work-place Address	Contact Phone No.
Dr. Smita Bhagwat	Assistant Professor	VIT Pune	7821828071
Rupali Pawar	Assistant Professor	Cummins College of E KarveNagar, Pune 52	09822280628
Dr. Megha Sunil Borse	Associate Professor	Cummins College of E Cummins College of E	08830866117
Dr. Vivek S. Rane	Professor	Cummins College of E Sant tukaram nagar, F	9881234350

To,

Mr. Jeevan Urse,
CoreEL Technologies,
Bengaluru.

Sub: Invitation for the workshop.

Respected Sir,

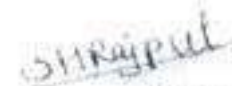

On behalf of Cummins college of Engineering for women, it takes immense pleasure to invite you to conduct a workshop under C2S Program for Faculty members, JRF's, B.Tech students

The objective of the workshop is to cover theoretical and practical aspects of Mentor graphics software Tools utilization on 23rd October 2023 from 09:30am to 1:30pm. This will enhance the knowledge of the students. So, we request you to kindly convey your availability for the same.

It is our privilege if you accept the invitation and enlight our students by sharing your knowledge and thoughts.

Thanking You,

With warm Regards,

Dr. Seema Rajput

Workshop Report-5

Title of the Workshop : - Introduction to Mentor Graphics Tool

Objectives of the event:

1. Familiarize participants with the suite of Mentor Graphics tools, providing an overview of their functionalities and applications in electronic design automation.
2. Facilitate hands-on skill development in Mentor Graphics tools, guiding participants through practical exercises and real-world examples to enhance their proficiency in electronic design.

Outcome of the event:

1. Participants successfully integrated Mentor Graphics tools into their design workflows, streamlining electronic design processes and enhancing overall efficiency.
2. Attendees developed advanced troubleshooting and debugging skills, enabling them to identify and address challenges effectively when utilizing Mentor Graphics tools in electronic design projects.

Description of the event:

The workshop commenced with an introduction to Mentor Graphics tools, providing participants with an overview of the diverse functionalities within the electronic design automation suite. Participants engaged in hands-on exercises, gaining practical experience in utilizing Mentor Graphics tools for electronic design tasks. The workshop delved into the exploration of tool functionalities, allowing participants to understand how Mentor Graphics

Workshop Report-3

Name of the Activity: PYNQ Board and Vivado software utilization.

Date Time: 6th October 2023 12:30pm to 2:30pm.

Speaker details

Prof. Smita Khole,

Symbiosis COE.,

Pune.

Objectives of the event:

1. Enable participants to gain hands-on mastery of PYNQ boards and Vivado software, fostering a practical understanding of FPGA technology.
2. Provide participants with a comprehensive skill set, covering hardware setup, basic design creation, programming, and real-world applications using PYNQ boards and Vivado software.

Outcome of the event:

Confidence in FPGA Design:

The workshop instilled confidence in participants, empowering them with the knowledge and skills required for FPGA design using PYNQ boards and Vivado software.

Workshop Report-4

Title of the Workshop : -CADENCE software utilization.

Date/Time: 10th October 2023 12:30pm to 2:30pm.

Speaker details Dr. Sheetal Barekar, Cummins COE,

Pune.

Objectives of the event:

1. Introduce participants to the features and functionalities of CADENCE software, providing a foundational understanding of its applications in electronic design automation.
2. Facilitate hands-on skill development in CADENCE software, guiding participants through practical exercises and real-world examples to enhance their proficiency in electronic design..

Outcome of the event:

1. Participants gained a comprehensive understanding of CADENCE software, including its tools and capabilities, enabling them to navigate and utilize the software effectively for electronic design tasks.
2. Attendees achieved practical proficiency in CADENCE software through hands-on exercises, real-world application scenarios, and expert guidance, ensuring they can confidently apply their skills in electronic design projects.

Description of the event:

In the CADENCE Software Utilization workshop, a focused demonstration was on the practical application of CADENCE software. During the session, Mam has conducted a detailed demo on the design of an inverter circuit, providing step-by-step guidance from schematic creation to simulation. Participants gained hands-on experience and were shown simulation results, illustrating the effectiveness of CADENCE software in electronic design. The interactive

Workshop on PYNQ Board

setting up and configuring the PYNQ Board, creating basic designs using Vivado, and programming the board to execute custom applications. Real-world applications and collaborative learning activities enriched the experience, empowering participants with practical skills and a deeper understanding of PYNQ and Vivado software.

The PYNQ Board and Vivado Software Utilization workshop was a dynamic exploration into the realm of FPGA technology. The workshop seamlessly integrated practical sessions on Vivado software, guiding attendees through the process of hardware setup, basic design creation, and programming. The collaborative learning environment fostered active engagement, as participants shared insights and experiences, enhancing the overall understanding of the technology. Real-world applications were showcased, illustrating the versatility of PYNQ boards and the capabilities of Vivado software. With interactive elements and dedicated Q&A sessions, the workshop provided an enriching experience, equipping participants with practical skills for harnessing the power of PYNQ boards and Vivado software in FPGA design.

Workshop Report-2

Title of the Workshop : - PYNQ Board and Vivado software Utilization

Date of conduction : 04th September 2023. & Time : 9:30 am to 1:00 pm.

Venue: C2S Project Lab

Speaker Details : Mr. Jeevan Urse, CoreEL Technologies, Bengaluru.

Objectives of the Workshop:

1. Enable participants to gain hands-on mastery of PYNQ boards and Vivado software, fostering a practical understanding of FPGA technology.
2. Provide participants with a comprehensive skill set, covering hardware setup, basic design creation, programming, and real-world applications using PYNQ boards and Vivado software.

Outcome of the Workshop:

1. Real-World Application Understanding:

Participants gained a thorough understanding of real-world applications, witnessing practical examples that showcased the versatility and relevance of PYNQ boards and Vivado software in various industries.

2. Skill Application in Problem-Solving:

Attendees demonstrated the application of acquired skills in problem-solving, as showcased during troubleshooting and debugging exercises, indicating their ability to address challenges in PYNQ and Vivado environments.

Description of the Workshop:

The workshop on PYNQ Board and Vivado Software Utilization provided participants with a hands-on exploration of cutting-edge FPGA technology. Throughout the session, attendees gained practical insights into the features and applications of PYNQ boards, delving into their capabilities. The workshop seamlessly integrated instruction on the utilization of Vivado software, offering a comprehensive guide to FPGA design. Participants were actively engaged in

Sub: Invitation for the workshop.

Respected Sir,

On behalf of Cummins college of Engineering for women, it takes immense pleasure to invite you to conduct a workshop under the C2S project for the C2S team (Faculty members, JRF's & B.Tech students).

The objective of the workshop is to cover theoretical and practical aspects of ZYNQ Board, PYNQ Board and Vivado software utilization on 22nd August 2023 from 10:00am to 3:00pm. This will enhance the knowledge of the students. So, we request you to kindly convey your availability for the same.

It is our privilege if you accept the invitation and enlighten our students by sharing your knowledge and thoughts.

Thanking You,

With warm Regards,

Workshop Report-1

Title of the Workshop : - Introduction to ZYNQ Board, PYNQ Board and Vivado software

Date of conduction : 22nd August 2023 & **Time :** 10:00am to 3:00pm.

Speaker Details : Mr. Jeevan Urse, CoreEL Technologies, Bengaluru.

Objectives of the Workshop:

1. The main objective aims to cover a broad spectrum of knowledge and skills, ensuring that participants gain practical experience and a comprehensive understanding of utilizing ZYNQ and PYNQ boards with Vivado software.
2. To help participants get proper mentorship for their ideas from our industry expert.
3. These concise objectives aim to give participants a practical and foundational understanding of working with ZYNQ and PYNQ boards along with Vivado software.

Outcome of the Workshop:

1. Practical Proficiency:

Participants developed practical proficiency in utilizing ZYNQ and PYNQ boards along with Vivado software for FPGA design, enhancing their hands-on skills.

2. Collaborative Learning Environment:

The workshop successfully fostered a collaborative learning environment, encouraging participants to share experiences and insights, enriching their understanding of the technology.

Description of the event:

The workshop on "ZYNQ Board, PYNQ Board, and Vivado Software Utilization" was conducted with a focus on providing participants with hands-on experience and practical insights. The sessions commenced by introducing the features and applications of ZYNQ and PYNQ boards. Participants actively engaged in setting up and configuring the hardware, gaining a foundational understanding of the boards. The basics of Vivado software were covered, and attendees were guided through the process of creating basic designs. Practical programming of ZYNQ and PYNQ boards using Vivado was demonstrated, emphasizing the integration of hardware and software components. Real-world applications were showcased to illustrate the practical relevance of the technology. The workshop also facilitated a collaborative learning

Subject: Regarding permission to organize guest lecture on the topic of "Intellectual Property Right"

Dear Madam,

Intellectual property rights is crucial in today's rapidly evolving digital landscape. The objective of this lecture is to provide our students with the tools and knowledge necessary to confidently navigate the intricate terrain of intellectual property. We seek to instill a culture of innovation and proactive protection among our P.G. students, Research Scholars and faculty members.

Department of E&TC has planned guest lecture for our P.G. students, PhD Research Scholars and faculty members on the topic of "Intellectual Property Right" on 15th March 2024.

Name of the speaker is Adv. Swapnil Sanap, Partner, Patent Attorney, Head of Pune Office and Head of Engineering Patent Prosecution Team@ Khurana & Khurana, Registered Patent Agent(India).

The approximate expenditure for this online guest lecture will be Rs.2000/-. So we request you to kindly grant the permission for the same.

Thanking you.

Respected Sir,

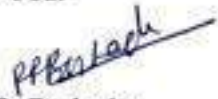

MKSSS's Cummins College of Engineering for Women is a renowned Autonomous institute of Engineering. The College conducts undergraduate programs in various streams, namely, E&TC, Computer Engineering, Information Technology, Instrumentation and Mechanical Engineering.

On behalf of Cummins college of Engineering for women, it takes immense pleasure to invite you to conduct a guest lecture on the topic "Intellectual Property Right" to empower our PG students, PhD Research Scholars and faculty members to navigate the complexities of intellectual property and to foster a culture of innovation and protection which is scheduled on 15th March 2024 at 9.30 am in Mechanical Auditorium.

It is our privilege if you accept the invitation and enlight our students by sharing your knowledge and thoughts.

We look forward for your presence at the function.

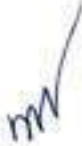

Thanking You.

A Guest Lecture on "Intellectual Property Rights (IPR)"

Ranapriya Bhatnagar
M.Phil, Ph.D., PGDIP, M.A.

Dear PhD Scholars, PG Students and faculty members,

The Department of E & TC organized a Guest Lecture on "Intellectual Property Rights (IPR)". The lecture is scheduled on 15th March 2024 at 3:00 pm in the Mechanical Auditorium of the college.

The Speaker Adv. Swapnil Sarap, Registered Patent Agent (India) an esteemed expert in the field of Intellectual Property, will be leading the engineering session.

The lecture will cover various aspects of Intellectual Property rights, including patents, trademarks, and copyrights. It will be an excellent opportunity for faculty members to gain insights into the importance of protecting intellectual assets and navigating the complexities of IPR in academia.

Details of the event are as follows:

Date: March 15th, 2024
Time: 3:00 PM
Location: Mechanical Auditorium

We look forward to your presence at the guest lecture on Intellectual Property Rights.

Best Regards

Dr. Ranapriya Bhatnagar

INSTITUTE VISION

To be a globally renowned institute for imparting quality education and development of women leaders in engineering and technology

INSTITUTE MISSION

To develop women professional who are academically and technically competent with strong professional ethics

DEPARTMENT VISION

To provide excellent technical education for women in Electronics and Telecommunication Engineering in the global context.

DEPARTMENT MISSION

1. To impart quality education that enables building up of successful careers and to motivate the pursuit of higher studies
2. To train for adapting to technological advances and challenges in Electronics and Communication Engineering
3. To provide an intellectually stimulating and congenial atmosphere for exploring new ideas in

Report

Short report on Guest Lecture on Computer Network Applications and Career Opportunities

Guest Lecture on Computer Network Applications and Career Opportunities was conducted in online mode on 21-4-2024 by Mr.Aman Lamba Technical Lead,Cisco ,Bengaluru .

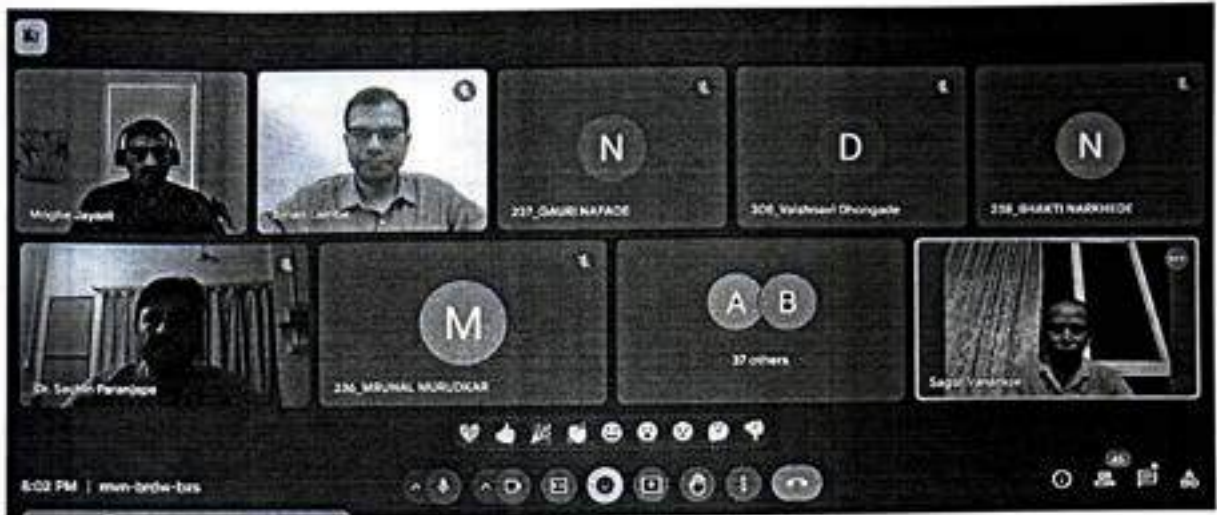

In his talk he explained advanced computer applications like cloud computing, role of security in computer network, role of computer network in autonomous vehicle etc. He also throw light on opportunities in this domain as protocol developer ,cloud engineer , network administrator.

The session ended with questions and answers

Dear All

It gives me immense pleasure to invite you to conduct a session for Second Year and Third Year students of E&TC department @ Cummins College of Engineering, Pune.

We are eager to hear about your journey after Cummins. Your achievements will help to motivate the students and your experience will help them to choose the right career path.

As per our discussion, the date and time are adjusted as per your convenience i.e. 23 March 2024 at 11 am. The session shall be conducted in ONLINE MODE.

The online meet link will be shared soon.

See you on 23rd.

Take care..!

Regards
Manasi Pathade (Asst. Professor)
Training and Placement Coordinator,

Electronics and Telecommunication Dept.

MKSSS's Cummins College of Engineering for Women,

(An Autonomous Institute Affiliated to Savitribai Phule Pune University)

Karvenagar, Pune-411052,
India
Cell: 9890622046

<http://www.cumminscollege.org>

INSTITUTE VISION

To be a globally renowned institute for imparting quality education and development of women leaders in engineering and technology

INSTITUTE MISSION

To develop women professional who are academically and technically competent with strong professional ethics

Session by Alumni placed in reputed industries

Dear Students
A special session is organized for you.

The speakers are our distinguished alumni having great experience in IT and Core industries such as Synopsys, Wabtech, ZS associates, KPIT,
etc

This session will help you to prepare for placements and internships.

Details:
Date: 23/03/2024, Saturday
Time: 11 to 12 noon
Mode: Online
link will be sent soon.

Attendance for the session is compulsory.

Manasi Pathade

Asst. Professor, Electronics and Telecommunication Dept.

To,
The Principal,
CCEW,
Pune

Sub: Permission to arrange a online guest lecture for TY Computer Vision course students

Respected Madam,

We, the undersigned course faculties of Computer Vision course, would like to organize a guest lecture for Third Year open elective students on "3D Reconstruction". We have contacted Prof Ramesh Tabib, KLE Technological University, Hubballi, Karnataka and he has agreed to conduct the sessions in online mode on 27th and 28th Feb, 2024.

It is a humble request to permit us to arrange these sessions and to pay Rs 1500/- as honorarium to the speaker.

Thank You.

Sincerely,

Dr. B.V. Pathak, *BS*

Manasi Pathade, *MP*

Sandhya Potadar, *SPotadar*

(E&TC Department) 226-Ext.

*Permitted

Prof. Ramesh Tabib

KLE Technological University ,

Hubballi, Karnataka

Dear Sir,

We are glad to invite you to conduct an online session on "3D Reconstruction" for our TY B. Tech Computer Vision students. The session will be very useful for our students to understand the concepts and applications on 3D reconstruction algorithms.

We would like to conduct online sessions on 27th Feb, 2024 and 28th Feb, 2024 starting at 12:15pm .

With warm regards,

Yours Sincerely,

Dr. M. B. Khambete

Prof. Ramesh Tabib
KLE Technological University
Hubballi, Karnataka

Dear Sir,

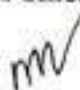

We express our gratitude for conducting an online session for T.Y. Computer Vision course students on 27th and 28th Feb, 2024 on "3D Reconstruction".

The lecture was very well received by our students. The students were all praised for your lively interaction with them and the way you explained the concepts and answered all their queries.

We profusely thank you for conducting the session.

With warm regards,

Yours Sincerely,

Dr. M.B. Khambete

Subject: Approval for arranging a guest lecture for T.Y. B.Tech (E&TC + Instru) students

Respected Madam,

We, the faculty from Electronics and Telecommunication Department wish to organize a guest lecture on "Biological Time Series and Pattern Recognition" by Dr. Leena Phadke, on Tuesday 12th March 2024 from 2.00 pm to 3.30 pm.

The speaker, Dr. Leena Phadke is the **Chair, Central Research Lab** and is working as a **Professor at the Physiology Department, SKN Medical College and General Hospital, Pune.**

The lecture is arranged for T.Y. B.Tech (E&TC+ Instru) students who are learning the Elective courses in the domain of Biomedical Electronics and equipment. The lecture will help students to learn advances in this domain and throw light on the Research and Career Opportunities in the domain of Biomedical Electronics.

We request you to sanction permission for the lecture and also sanction the remuneration to the speaker as Rs 2000/-. Also a request to sanction the amount for the sapling which is to be given to the speaker during welcome.

Thanking you,

Yours Sincerely,

Anita Patil

Subject: Invitation to deliver a Guest Lecture at E&TC and Instrumentation Department of CCEW, Pune

Respected Madam,

MKSSS's Cummins College of Engineering for Women is a renowned Autonomous institute of Engineering. The College conducts undergraduate programs in various streams, namely, E&TC, Computer Engineering, Information Technology, Instrumentation and Mechanical Engineering.

The E&TC and Instrumentation Department students learn the courses in the domain of Biomedical Electronics and Equipment as a part of their curriculum. Considering your knowledge and expertise in the Medical domain, we are delighted to invite you to deliver a Guest Lecture on "Biological Time Series and Pattern recognition". The lecture is scheduled to be conducted on 12th March 2024 at 2.00 pm in the Auditorium (Instrumentation Building) of the college.

Your lecture is going to help our students strengthen their urge to study the subject with interest and achieve success not only in the examination but also in their career. Hence, we request you to kindly make your valuable guidance available to our students.

We look forward for your presence at the function.

Thanking You,

Dr. M. B. Khambete

Summary

With over 20 years driving CAD/engineering research and software innovation, I now focus my passion on guiding individuals and organizations to effectively leverage artificial intelligence.

As an AI Advisor, I draw on my diverse background spanning mechanical engineering, geometric modeling algorithms, data science, machine learning, and natural language processing to unlock the transformative potential of AI.

My mission is to provide specialized expertise and counsel to clients exploring or implementing AI/ML solutions. I hold a PhD in mechanical engineering, reflecting my lifelong dedication to understanding and advancing technology.

Zero

If you seek seasoned guidance on strategic AI adoption or software development initiatives, I offer decades of management, research and development experience to creatively collaborate to explore partnerships furthering the responsible integration of AI's tremendous power into your organization.

Report
Zero to AI
2023-24

Report on "Zero to GA" (Generative AI) : October 25th, 2023

The session served as an introduction to explore our interest in leveraging the power of Data Science, Artificial Intelligence, Machine Learning, Deep Learning, and Natural Language Processing.

The guest speaker **Dr. Yogesh Kulkarni**, renowned **AI Coach** shared valuable insights and discussed the exploration of Generative AI.

The following key points were discussed in comprehensive detail:

- The session started with a question "Why should I know?"
- The need, importance and formation of word vectors.
- What is the shift in paradigm?
- The relationship between Artificial Intelligence(AI), Machine Learning(ML) and Deep Learning(DL)
- Also discussed about Machine Learning(ML) vs Deep Learning(DL)
- How to solve Traditional vs Machine Learning.
- What are shots? Discussed Zero-shot prompt, One-shot prompt and Few-shot prompt.
- New programming language used, prompt and prompt design.
- The Eras of Generative AI
- The journey, how the AI has evolved.
- Foundation models in generative AI.
- What is a Large Language Model(LLMs)
- Also provided some resources like Gartner hype cycle: AI 2023

To
Dr. Yogesh Haribhau Kulkarni,
AI Coach,
Pune.

Dear Sir,
On behalf of MKSSS's Cummins College of Engineering for Women, Pune and IEEE Student Branch we express our profound gratitude for conducting a session on the topic "Zero to Generative AI" on 25th Oct. 2023.

The session was very well received by the students. They understood the details about the growth and development of AI from Zero to Generative AI. The students praised you for your free and lively interaction with them and the way you explained the concepts and answered all their queries.

We are very thankful for finding time from your busy schedule and conducting the session.

Thanking you,

Yours faithfully,

Dr. Madhuri Khambete

Greetings Cummins!

Generative AI, often referred to as GA, is like a digital artist that creates things out of thin air. It's a technology that allows computers to generate new content, such as text, images, and even music, by learning from existing data. Imagine it as a creative machine that can dream up new ideas and produce original content, opening up exciting possibilities in various fields, from art and entertainment to business and research.

We have the privilege of hosting a special guest lecture on "Zero to GA" (Generative AI) by the renowned AI Coach, **Dr. Yogesh Kulkarni**.

Dr. Yogesh Kulkarni is a distinguished expert in the field of Artificial Intelligence. He is passionate about assisting individuals and organizations on their AI journeys. He focuses on leveraging the power of Data Science, Artificial Intelligence, Machine Learning, Deep Learning, and Natural Language Processing.

This lecture promises to be a fascinating exploration of Generative AI, making it an invaluable experience for anyone interested in the field of Artificial Intelligence. Whether you are a student, researcher, or professional, this event will provide valuable insights into the world of AI.

In recognition of your participation and to encourage feedback, we will be providing certificates to all attendees. Please be sure to provide your valuable feedback after the session to receive your certificate.

Event Details:**Date:** October 25th, Wednesday**Time:** 4:00 PM to 6:00 PM**Venue:** KB Joshi Auditorium

Registration Link : <https://docs.google.com/forms/d/e/1FAIpQLSePTEL32xMeBrikaOuGy09DrBygUENDmtSs1J1Yc17zBrIA6g/viewform?usp=sharing>

Don't miss out on this unique opportunity to expand your knowledge and network with like-minded individuals. We look forward to your enthusiastic participation for what promises to be a captivating journey into the world of Generative AI.

Best regards,
Team IEEE CCEW

Sub: Invitation for the Guest lecture

Respected Sir,

On behalf of Cummins college of Engineering for women, it takes immense pleasure to invite you to conduct a guest lecture for our S.Y.B.Tech students.

The objective of the guest lecture is to motivate all the students to their true potential. We are planning to conduct 2 hour session on 25th January 2024. So we request you to kindly convey your availability for the same.

It is our privilege if you accept the invitation and enlight our students by sharing your knowledge and thoughts.

Thanking You.

The Conquerors,
Pune.

Dear Sir,

On behalf of Cummins college of Engineering for women, we heartily convey our sincere thanks to you for kindly accepting our invitation and making it convenient to conduct the guest lecture for our S.Y. B.Tech students on the topic "The Blueprint of Success for Engineers".

We hope to have more such associations in future.

Dr. Sharada Ohatkar
HoD (E&TC Department)

Dr. Madhuri Khambete
Principal, CCOEW, Pune

Guest lecture on "The Blueprint of Success for Engineers" Date: 25/1/24

Time: 1:15 PM to 2:15 PM.

MKSSS's CUMMINS COLLEGE OF ENGINEERING FOR WOMEN, KARVENAGAR, PUNE - 411052

Sub: Invitation for the Guest lecture

Respected Sir,

On behalf of Cummins college of Engineering for women, it takes immense pleasure to invite you to conduct a guest lecture for our S.Y.B.Tech students.

The objective of the guest lecture is to motivate all the students to their true potential. We are planning to conduct 1 hour session on 18th January 2024. So we request you to kindly convey your availability for the same.

It is our privilege if you accept the invitation and enlighten our students by sharing your knowledge and thoughts.

Thanking You.

Dr. Sharada Ohatkar
HoD (E&TC Department)

Topic - "The Blueprint of success for Engineers."

Ltr. to Principal

Date: 18/01/2024

To,
The Principal,
Cummins College of Engineering for Women,
Karvenagar, Pune.

Sub: Approval for organizing a guest lecture

Respected Madam,

We wish to organize a guest lecture session for Final Year B. Tech E&TC (A, B, C Div.) students on the topic "Time series analysis of water availability in reservoirs using space inputs" on 24th January 2024 from 11:15 - 12:30p. The session will be conducted by Dr. M Selva Balan, Scientist E/ Joint Director, CWPRS, Pune. The session topic is related to the program elective course, Remote Sensing and will give insights to the students about the real-world application of remote sensing with a case study in water resources.

The guest speaker will be paid the honorarium of Rs 1000/- for the session.

It is a kind request to grant permission to organize the lecture session and to pay the honorarium as mentioned above.

Thank you,

Yours Sincerely,
Dr. Ashwini M. Deshpande
Associate Professor,
E&TC Department.

Permitted to
organize the
lecture and pay
the honorarium
M.S.

Sub.: Invitation letter to conduct an expert lecture

Dear Sir,

We are glad to invite you to conduct an expert lecture on "Time series analysis of water availability in reservoirs using space inputs" for our Final Year (E&TC) Remote Sensing (20PEEC801B) course students. The session will be very useful for our students to understand different real-world applications of remote sensing along with a case study in water resources.

The session is scheduled on Wednesday, 24th January 2024 from 11:15 - 12:30 pm. It is a kind request to accept the invitation.

With warm regards,

Yours Sincerely,

Dr. M. B. Khambete

Guest lecture NOTICE for Final Year Students

DATE: 18/01/2024

A guest lecture on the topic "Time series analysis of water availability in reservoirs using space inputs" is organized for Final Year B. Tech E&TC) (Div. A, B, C) students under the Program Elective course 20PEEC801B- Remote Sensing.

Dr. M Selva Balan, Scientist E/ Joint Director, CWPRS, Pune will conduct this session.

Attendance for this expert lecture is compulsory for the students studying this course.

Day & Date: Wednesday, 24/01/2024 [~~Rescheduled on 25/01/2024~~]
Time: 11:10 – 12:30pm
Venue: Mechanical Auditorium

Sub.: Thanksgiving letter for conduction of an expert lecture

We express our gratitude for conducting the session for Final Year (E&TC) Deep Learning course students on , 24th January 2024 on "Time series analysis of water availability in reservoirs using space inputs".

The lecture was very well received by our students. All the students appreciated you for your lively interaction with them and the way you explained the role of remote sensing in the time series analysis of water availability and answered all their queries.

With warm regards,

Yours Sincerely,

Dr. M. B. Khambete

Sub. : Approval for organizing a guest lecture

Respected Madam,

We wish to organize a guest lecture session for I Y. E&TC (A, B, C Div.) students on the topic "Practical Deep Learning & Applications with MATLAB" on 19th January 2024 from 1:00 - 3:00 pm. The session will be conducted by Mr. Kunal Khandelwal, Application Engineer - MathWorks, DesignTech Systems Pvt. Ltd., Pune. The session topic is related to the Deep Learning course and will give insights to the students MATLAB implementation of deep learning algorithms.

Thank you,

Yours Sincerely, *Handwritten signature*

Class- T.Y. (E&TC) (Div. A, B, C)
Program Elective course 20PEEC601D- Deep Learning
Photos of the guest lecture conducted by Mr. Kunal Khandelwal, Application
Engineer – MathWorks, DesignTech Systems Pvt. Ltd., Pune on the topic
"Practical Deep Learning & Applications with MATLAB"
Date: 19/01/2024

MKSSS's Cummins College of Engineering for Women, Pune
Electronics and Telecommunication Department

NOTICE for T.Y. Students

DATE: 10/01/2024

A guest lecture on the topic "Applications of Deep Learning in Different Industries" is organized for T.Y. (E&TC) (Div. A, B, C) under the Program Elective course 20PEEC601D- Deep Learning.

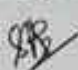

Mr. Mit Shah, Team Lead ML Ops, Eaton Tech., Pune will conduct this session.

Attendance for this expert lecture is compulsory for the students studying this course.

Day & Date: Monday, 15/01/2024
Time: 12:00 – 1:30pm
Venue: Mechanical Auditorium

Name of Faculty:

Dr. Ashwini M. Deshpande 

Mrs. Sandhya Potadar 

H. O. D.

Dr. Sharada Ohatkar

GUEST LECTURE ON -

APPLICATIONS OF DEEP LEARNING IN DIFFERENT INDUSTRIES
 Conducted by - Mr. Mit Shah, Eaton, Pune

Cummins College of Engg. for Women
 Dept. of E&TC

ATTENDANCE

List of students of Third Year B.Tech. (E&TC)

Sub.: Invitation letter to conduct an expert lecture

Dear Sir,

We are glad to invite you to conduct an expert lecture on "Digital Signal Processing- Recent Advances, Applications and Prospects" for our Third Year (E&TC) Digital Signal Processing (20EC501) course students. The session will be very useful for our students to understand the technological advancements in DSP, its applications and career opportunities.

The session is scheduled on 30th October 2023, Monday from 10:15 - 11:30 am. Kind request to accept the invitation.

With warm regards,

Yours Sincerely,

Dr. M. B. Khambete
(Principal)

Dr. Sharada Ohatkar
(HOD E&TC)

Dr. Ashwini Deshpande
(Course Chairman)

Prathamesh
Doundkar

Guest Lecture Notice for T.Y.(E&TC) Students

A guest lecture is organized for T.Y. (E&TC) (Div. A, B, C) under Digital Signal Processing (20EC501) course on the topic "Digital Signal Processing- Recent Advances, Applications and Prospects" It will be conducted by Mr. Prathamesh Doundkar, Cadence Design Systems, Pune.

Day and Date- Monday, 30/10/2023, Time- 10:10 to 11:30 am, Venue- Mechanical Auditorium

It is a kind request to the Faculty members whose teaching load is there in this slot to kindly allow students to attend the guest lecture during this slot. Students will resume the lab sessions after this lecture.

TY-A1- MP- Mr. Sharad Dube

TY-A2- MP- Dr. Supriya Mangale

TY-B1-AP- Dr. Nitin Palan

TY-B2-AP- Ms. Pooja Ingole

TY-B4-VLSI- Mr. Milind Patankar

TY-B4-VLSI- Mr. Sagar Vanarase

TY-C3- MP- Mr. Shashikant Sahare

TY-C4- MP- Mrs. Vidya Sisale

Thank you for kind cooperation.

Sub.: Thanksgiving letter for conduction of an expert lecture

We express our gratitude for conducting the session for T.Y. (E&TC) Digital Signal Processing course students on 30th October 2023 on "Digital Signal Processing- Recent Advances, Applications and Prospects".

The lecture was very well received by our students. Your expertise and insights provided our audience with practical knowledge and a fresh perspective on the DSP application areas. Your lively interaction with them and the way you explained the concepts along with applications and answered all their queries created a great impact on students. We look forward to the possibility of future collaborations and more opportunities to learn from your expertise.

With warm regards,

Yours Sincerely,

Dr. M. B. Khambete
(Principal)

Dr. Sharada Ohatkar

Sub: Invitation for the Guest lecture

Respected Sir,

On behalf of Cummins college of Engineering for women, it takes immense pleasure to invite you to conduct an expert lecture for our third year B.Tech students.

The objective of the guest lecture is to cover theoretical and practical aspects of "VLSI Design Methodologies, Applications and its Recent Trends"; This will enhance the knowledge of our students. We are planning to conduct a 2 hours online session on 16th October 2023, MONDAY next week at 1: 15 pm to 3:15pm. So we request you to kindly convey your availability for the same.

"It would be our privilege if you accept the invitation to enlighten our students by sharing your knowledge and thoughts."

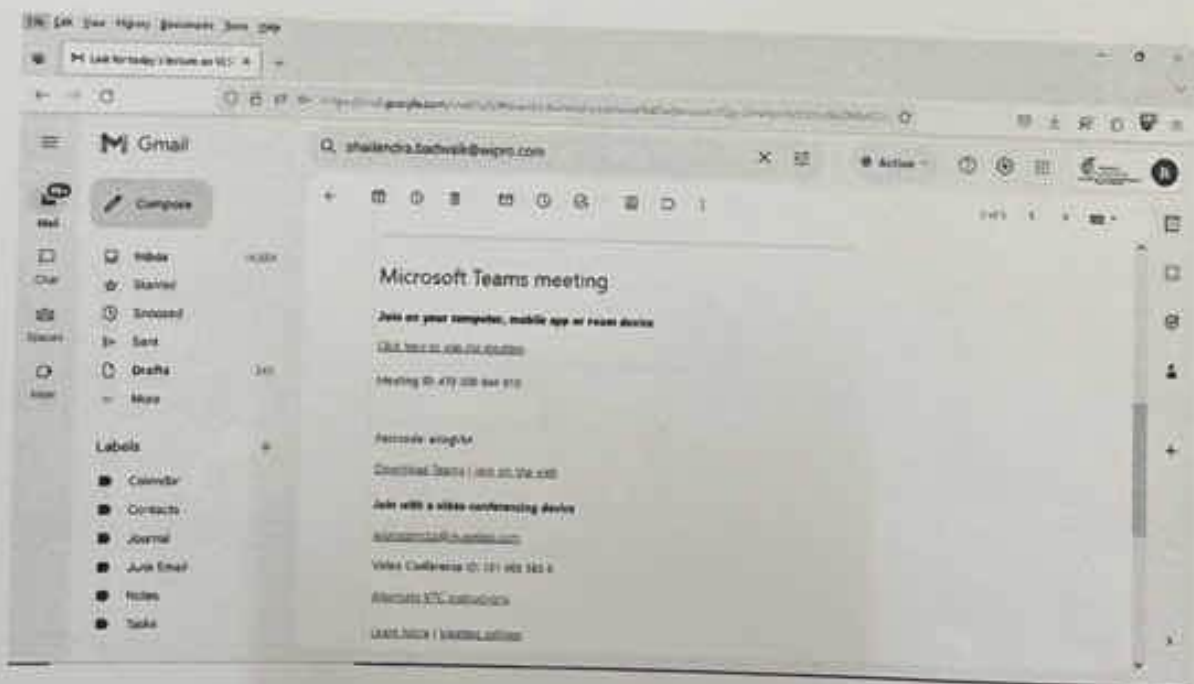

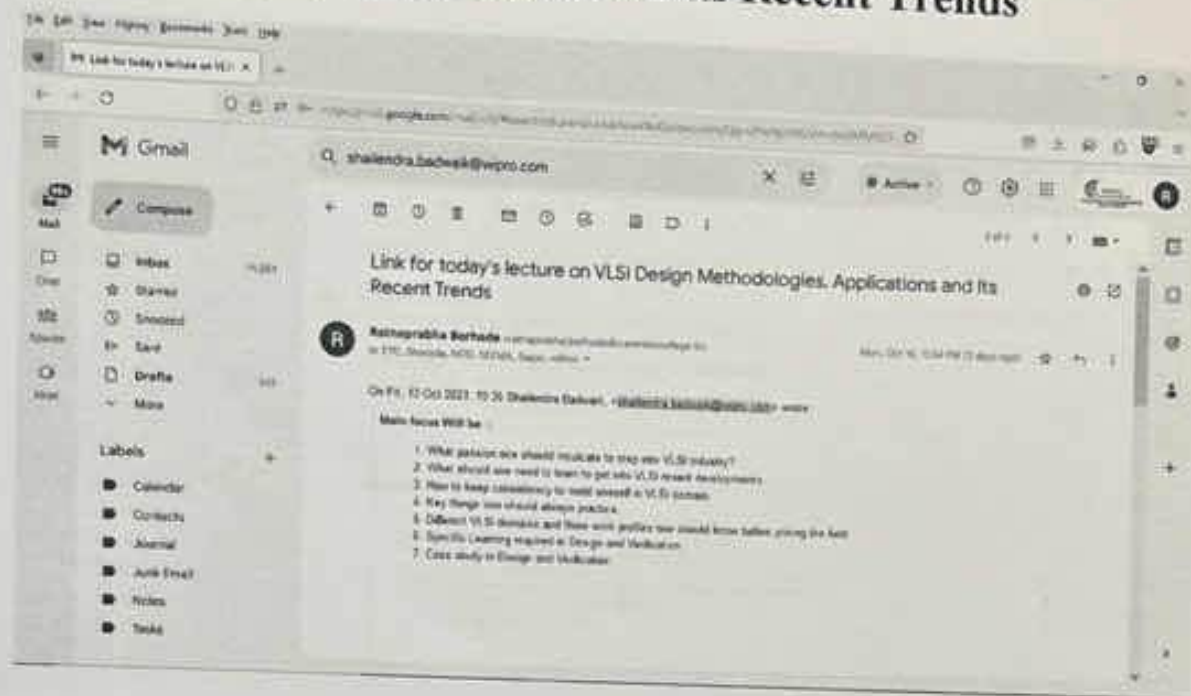

Thanking You,

With warm Regards,

Dr. M.B. Khambete
Principal
CCEW, Pune.

Report

Report

A guest lecture was conducted by Mansi Kamble and Shambhavi Shanbag Alumni 2020 and 2023 batch for the TY E&TC students with DBMS as the elective subject.

Demonstration of the Railway reservation system was done. Students were explained and demonstrated with usage of HTML, CSS to make a web page and accept username and password. Then multiple softwares was discussed to make databases. The API was written so as to connect the front end and the DBMS system and various queries were applied to get expected results.

Total of TY students along with dr. Mrudul Dixit, Dr. Anita Patil and Prof. Pooja Ingole attended the session.

Dr. Mrudul Dixit <mrudul.dixit@cumminscollege.in>
To: TY ETC DIV C 2023-24 <tyetcdvc2023-24@cumminscollege.in>, TY ETC DIV A 2023-24 <tyetcdiva2023-24@cumminscollege.in>, TY ETC DIV B 2023-24 <tyetcdvb2023-24@cumminscollege.in>, "Dr. Anita Patil" <anita.patil@cumminscollege.in>, Pooja Ingole <pooja.ingole@cumminscollege.in>, HOD ETC <hodetc@cumminscollege.in>

Dear all,
2 Guest lectures are organised for all the TY students with DBMS as an elective NPTEL/Swayam course in the regular lecture slot.

The details are as follows:

Guest Lecture 1 :

Day, Date: Thursday, 19 Oct. 2023

Time : 2.15 - 3.15 pm

Venue : Mechanical building auditorium

Topic : Demonstration of DBMS project

Audience: TY E&TC students with DBMS as elective course.

Guest Lecture 2 :

Day, Date: Friday, 20 Oct. 2023

Time : 2.15 - 3.15 pm

Venue : Mechanical building auditorium

Topic : Project Planning for DBMS

Audience: TY E&TC students with DBMS as elective course.

These guest lectures will be conducted as activities under IEEE Student Branch. It's compulsory for all TY E&TC students with DBMS as an elective course and all the students should be seated by 2.10 pm.

Thanks and Regards,

Dr. Mrudul Dixit

INSTITUTE VISION

To be a globally renowned institute for imparting quality education and development of women leaders in engineering and technology

INSTITUTE MISSION

To develop women professional who are academically and technically competent with strong professional ethics

DEPARTMENT VISION

To provide excellent technical education for women in Electronics and Telecommunication Engineering in the global context.

DEPARTMENT MISSION

1. To impart quality education that enables building up of successful careers and to motivate the pursuit of higher studies
2. To train for adapting to technological advances and challenges in Electronics and Communication Engineering
3. To provide an intellectually stimulating and congenial atmosphere for exploring new ideas in multidisciplinary fields, excelling in academics and co-curricular activities
4. To instil ethics along with perseverance and empathy

GUEST LECTURE REPORT

Academic Year: 2023-2024

Semester: I

Speaker: Ms. Mrunal Rajput,
Final Year B.Tech student,
E & TC Dept, CCOEW, Pune 52
alongwith
Dr. Makarand Velankar
Head Entrepri Pre-Incubation Center (EPIC)
CCOEW, Pune 52

Topic : Introduction to ED Course by Wadhvani Foundation"

Year : T.Y. B.Tech.

Date and Time : 2nd Aug. 2023, 12:15 pm to 1:15 pm

Course : 20 OEHS 501A Entrepreneurship Development

Platform: offline

Venue:- Instrumentation Auditorium

Description : Ms. Mrunal Rajput is a Final year B.Tech student from E & TC Department of CCOEW, Pune. She was a student of ED course for the academic year of 2022-23. She had shared her experience of journey of the 'Entrepreneurship Development' course by 'Wadhvani Foundation'.

Highlights of the session are as:

1. Sharing experience of Rs. 100/- venture with her teammates at the start of the course.

2. Presentations of Milestones 1 to 4.
3. Course evaluation i.e; T1 in presentaion mode, T2 and ESE in pen and Paper MODE.
4. Real life case studies given on the platform.
5. Masterclass which contains interviews of the Entrepreneurs who are successful in their startups.
6. Description about her technical venture converted into final year project .

She had answered all the questions raised by the students satisfactorily. As a result of two consecutive guest lectures students were motivated and a visit to 'Symbiosis Centre for Entrepreneurship and Innovation', Lavale, Pune is planned and students enrolled for it.

Dr. Makarand Velankar had adviced students to start forming the groups based on abilities of their colleagues. He had also told them to start discussion of the problems they are going to identify for their venture with their teammates.

INSTITUTE VISION

To be a globally renowned institute for imparting quality education and development of women leaders in engineering and technology

INSTITUTE MISSION

To develop women professional who are academically and technically competent with strong professional ethics

DEPARTMENT VISION

To provide excellent technical education for women in Electronics and Telecommunication Engineering in the global context.

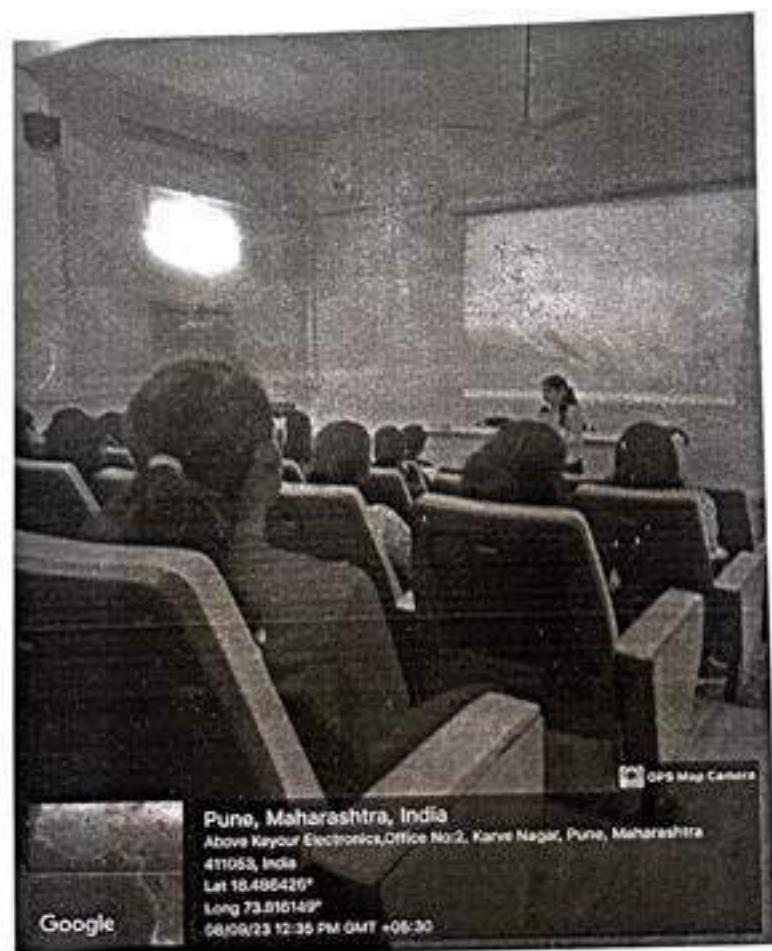

DEPARTMENT MISSION

1. To impart quality education that enables building up of successful careers and to motivate the pursuit of higher studies
2. To train for adapting to technological advances and challenges in Electronics and Communication Engineering
3. To provide an intellectually stimulating and congenial atmosphere for exploring new ideas in multidisciplinary fields, excelling in academics and co-curricular activities
4. To instill ethics along with perseverance and empathy

ED 2023-24 ED

NEW ANNOUNCEMENT

Dear Students

Welcome to Entrepreneurship Development Course (ED)

Let's start the ED Course lectures with Guest sessions.

All ED students should attend ED lectures on Tuesday and
Wednesday 1,2 Aug 2023 at **12.15 pm to 1.15pm.**

**Students who have ED lecture at 1.15 to 2.15pm will also attend
the session at 12.15pm and their lunch time will be between
1.15pm to 2.15pm only for Tuesday and Wednesday 1,2 Aug
2023**

**There will be a guest session on these two days details are
as follows**

Tuesday 1st Aug 2023: Entrepreneurship Development: Introduction
to ED with Real time venture examples

Speaker: **Ms Vartika Tripathi**

Wednesday: 2nd Aug 2023: YII introduction and Competition
explanation. Speaker:

Mr Bharat Oswal

Venue: Instrumentation Department Auditorium

This lecture is mandatory for all students and attendance will be
monitored.

Resource person for the session: Mr Bharat Oswal

He is an MBA graduate, from Symbiosis Institute of Business

Management, Pune. During the course of MBA, he kickstarted his pet

care company, PawshBox, by building an e-commerce website and launching his first retail store. The PawshBox store provides a luxury shopping experience to pet parents by providing them with new and unique pet care products at exceptional service at affordable rates. Throughout MBA, he also won several national level business plan competitions, held by prestigious B-schools across the country. PawshBox garnered a lot of media coverage and admiration for serving customers and successfully handling business functions during peak Covid crisis.

Having experienced life as a founder, he has now started his corporate journey with Standard Chartered Bank. He is also working in Start-up Banking, aimed at making corporate banking products more accessible to start-ups and providing them with exclusive, beneficial offerings that would make a positive impact in their journeys. With StanChart, he works every day to make Banking a seamless service for Start-Ups every day.
